

The constables and firemen say where in Canada Bradfield formerly lived.

## WORLD SERIES PLAY-BY-PLAY

### FIRST INNING

**DODGERS**—Gilliam lined to Howard on the second pitch. Reese was called out on strikes. Snider, with the count at three-two struck out, swinging at a low pitch.

No runs, no hits, no errors, none left.

**YANKEES**—Rizzuto, working to a three-two count, walked on a high pitch. Newcombe started to warm up for Brooklyn. Martin, with the count three and two struck out on a hit and run play and Rizzuto stole second when Gilliam was slow covering the bag. McDougald walked on five pitches. Meyer also began to warm up for Brooklyn. Berra's grounder just eluded Gilliam for a single, scoring Rizzuto and sending McDougald to third. Berra hit a change of pace pitch for a single to left, scoring McDougald. Berra stopping at second.

Skowron hit a three-run homer into the lower right field stands, scoring Berra and Bauer ahead of him and making it 5-0 in favor of the Yankees. Meyer, a right hander, came in to pitch for Brooklyn.

Meyer failed to cover first on a tap to Hodges and Cory was safe for an infield hit. Howard was called out on strikes. Ford, on a three-two count, filed to Amoroso.

Five runs, four hits, no errors, none left.

### SECOND INNING

**DODGERS**—Campanella filed to Cerv. Furillo was hit above the left hip by a pitched ball. With the count three and one, Hodges walked. Robinson hit into a double play, McDougald to Martin to Skowron.

No runs, no hits, no errors, none left.

**YANKEES**—Rizzuto popped to Robinson who took the ball at the pitching mound as Meyer stepped out of his way. Martin struck out for the second time with the count three and two. McDougald batted at umpire Gallant on a called strike that made the count two and two. Reese then took McDougald's pop fly just over the foul line.

No runs, no hits, no errors, none left.

**DODGERS**—McDougald made a sharp lunge to his left to grab a sharp bouncer by Amoroso and threw him out. Meyer struck out. McDougald scooped up Gilliam's bouncer and threw him out.

No runs, no hits, no errors, none left.

**YANKEES**—Berra walked with the count three and two. Bauer singled to left for the second time in a row. Berra stopping at second. Skowron filed to Snider in short centre, the runners holding.

Robinson took Cerv's grounder and tagged Berra on the base line, then threw to Hodges for a double play.

No runs, one hit, no errors, none left.

**FOURTH INNING**  
**DODGERS**—Reese beat out a high bouncer to Martin near second for the first Brooklyn hit. Zimmer batted for Snider and was called out on three pitches. Snider had been limping in centre in the Yankee third. Campanella walked on four pitches. Furillo singled past Rizzuto, scoring Reese. Campanella stopping at second. Hodges forced Furillo, Rizzuto to Martin, Campanella going to third, Robinson forced Hodges, Rizzuto to Martin.

One run, two hits, no errors, two left.

**YANKEES**—Zimmer went to second, Gilliam moved to left field and Amoroso to centre for the Dodgers.

Howard struck out on four pitches, fanning for the second straight time. Robinson tossed out Ford. Reese threw out Rizzuto.

No runs, no hits, no errors, none left.

**FIFTH INNING**  
**DODGERS**—Skowron took a bouncer by Amoroso and stepped on first to retire him unassisted. It was announced that Snider in fielding Skowron's fly in the third, stepped in a hole in the turf and something snapped in his right knee. He asked to be taken out. Martin tossed out

Meyer. Gilliam singled to left. McDougald made a good pickup of Reese's fast bouncer and threw him out.

No runs, one hit, no errors, none left.

**YANKEES**—Martin laid into a two-two count pitch for a single to left. McDougald filed to Amoroso in centre, Martin holding first. Berra singled to centre, Martin going to second. Amoroso bobbled the ball but Martin, who had made the turn for third did not see it and went back to second. Bauer forced Berra at second. Robinson to Zimmer. Berra taking Zimmer out neatly and preventing a possible double play as Martin went to third. Collins batted for Skowron and walked on five pitches to load the bases. Cerv popped to Reese on the outfield a grounder short.

No runs, two hits, no errors, three left.

**SIXTH INNING**  
**DODGERS**—Collins went to first base for the Yankees. Zimmer walked on five pitches. Campanella was called out on strikes. Rizzuto threw out Furillo, juggling the ball just long enough to miss a chance for a double play as Zimmer moved to second.

McDougald threw out Hodges.

No runs, no hits, no errors, two left.

**YANKEES**—The paid attendance was announced at 64,022. Roebuck went in to pitch for Brooklyn. Martin was safe at first when Robinson bobbled his grounder then threw wildly to first for an error. McDougald, trying to sacrifice, popped to Roebuck. Berra forced Martin, Hodges to Reese. Bauer got a pop single into short centre when Amoroso couldn't reach the ball in time and Zimmer stopped running for it. Berra going to third. Zimmer tossed out Collins.

No runs, one hit, one error, two left.

**EIGHTH INNING**  
**DODGERS**—Zimmer was called out on strikes. Rizzuto tossed out Campanella. Furillo struck out.

No runs, no hits, no errors, none left.

**YANKEES**—Cerv lined to Roebuck, Howard filed to Furillo. Ford grounded out to Hodges, who retired him unassisted.

No runs, no hits, no errors, none left.

**NINTH INNING**  
**DODGERS**—Noren went to left field for the Yankees. Rizzuto tossed out Hodges. Robinson grounded out, McDougald to Collins. Amoroso struck out.

No runs, no hits, no errors, none left.

**SINCLAIR PROGRESS RATED 'SATISFACTORY'**  
VANCOUVER (BUP)—Fisheries Minister James Sinclair was reported making "satisfactory progress" in the General Hospital today as he entered his second week of hospitalization from injuries suffered in a fall during his 10-week tour of the Soviet Union.

There was no indication how soon Sinclair would be released from the hospital.

**"No more worry about indigestion"**  
says woman who tells her secret

"I enjoy cooking fancy dishes. And I like eating them too, but many of the foods I like disagree with me! After eating, I had gas on the stomach, acid indigestion and heartburn. A friend suggested Digestif Rennie Tablets. Now I suck a Rennie or two after meals when needed!" writes Mrs. Elizabeth Croby, Toronto, Ontario.

For indigestion, heartburn, or sour stomach—suck a Digestif Rennie Tablet after eating! Quick-acting Rennies contain antacid ingredients which help relieve indigestion fast. Only 25c. 54-3

**Glass can't rust!**  
IT'S TRUE... the glass-surfaced steel tank of a Glaxo water heater can't rust because glass can't rust.

IT'S WONDERFUL... You can have all the sparkling clean hot water you want. No more rust to ruin your wash or corrosion dirt to discolor water and fixtures. Your hot water will be as clean and sanitary as the water you drink.

IT'S MADE TO LAST... You won't have the expense of replacing a Glaxo every few years—because glass can't rust.

## TAX AGREEMENTS

(Continued from Page 1)

federal and provincial governments.

He said suggestions in the past that the fiscal problems be dealt with by constitutional amendments had been unacceptable and hinted that situation still prevails.

Mr. St. Laurent reviewed briefly the history of the tax agreements, born in the Second World War years when federal spending reached record levels.

**SERVICES DEMANDING**  
Since, the Canadian people had come to expect and demand various services from the federal and provincial governments. The cost of war and of these services had led the various governments to enter more and more tax fields.

Now, the fiscal question of all governments was "the very heart" of the problem facing the conference.

Mr. St. Laurent said his government will make no specific proposals until there has been a full discussion of fiscal matters at the conference.

"We are not trying to persuade you of the advantages or disadvantages of any particular formula," he said.

But, he added, a formula that appears to recommend itself to the federal government would be one that would bring provincial per-capita revenue up to specified levels defined in terms of what some of the provinces are able to obtain.

**TO A SELECTED LEVEL**  
If provinces want to continue tax rental agreements, federal payments to them might be the yield of a standard tax rate plus what would be needed to bring an individual province's revenue up to a selected level.

Such an arrangement would be made for one or all of the direct tax fields now leased to the central government by nine provinces.

"We think some kind of equalization payments can be fitted into a variety of plans," he said.

Any plan should include some form of stabilization guarantee to ensure that each province would get from the arrangement a specific floor of federal payments that would not be pierced even if general economic conditions worsened.

Special arrangements would have to be made to effect an orderly transition of succession duties from one system to another, since they fluctuated greatly.

Mr. St. Laurent emphasized that the government of each province must decide for itself whether it is to re-enter the direct tax field.

**Aussies Favor Later Hours For Hotel Bars**  
CANNBERRA (CP)—Residents of the Australian capital territory, which includes the city of Canberra, have voted for later closing of hotel bars.

The referendum was for 6 p.m. or 10 p.m. closing. Despite an active campaign by Australian Temperance Alliance officers, a majority of about 30 per cent voted for 10 p.m. closing last November and it is likely now that Victoria will hold a referendum.

Those supporting the referendum proposal in Victoria say it should be held before the Olympic Games next year. They say the later closing at hotels would make Melbourne more attractive for tourists from overseas.

**He'll Quit Clipping Senators**  
OTTAWA (CP)—Jack Reynolds, who for 35 years has clipped the heads of senators, cabinet ministers and governors-general, is planning to lay down his scissors and retire.

Senate barber since 1920, Mr. Reynolds started in the hair-cutting business 60 years ago in London, England, as an unpaid apprentice.

He worked his way up to the post of barber of the House of Commons at Westminster, but left three years later when the price of parliamentary haircuts was reduced from a shilling to sixpence.

One of his steady customers in London was the Duke of Devonshire, and Mr. Reynolds became his barber by appointment when the Duke came to Ottawa as governor-general in 1916.

Before becoming senate barber, Mr. Reynolds had a private practice in a small Ottawa shop, and doubled in brass as manager and coach to a number of athletic teams at local colleges.

Although he was hired particularly for the convenience of the senate, his clients in recent years have included Prime Minister St. Laurent and Mr. Justice Douglas Abbott of the Supreme Court, former finance minister.

Mr. Reynolds and his wife plan to move to Vancouver.

## Martin Confident Of Ike Plan Okay

UNITED NATIONS, N.Y. State Dulles and two with (CP)—Health Minister Paul Martin of Canada predicted Sunday night that Russia will accept President Eisenhower's plan for mutual air reconnaissance and exchange of military blueprints within three months.

"Every day it appears to me that the Eisenhower plan is more likely to be accepted than rejected," Martin said. "Certain conditions may be attached to it, but it is significant that the approach of the Soviet Union at this time is not one of skepticism or rejection but one of elaboration."

The health minister has been carrying on intense behind-the-scenes talks with leading delegates of Britain, the United States and Russia. These three countries along with Canada and France are represented on the UN disarmament sub-committee which is meeting here.

Lately he has had four private talks with Foreign Secretary Macmillan of Britain, two with Russia's Foreign Minister Molotov, two with Secretary of

### Diplomats Face Thorny Issues

Officially rebuffed today by west's refusal to recognize East Germany, Russia's Foreign Minister V. M. Molotov appears here to be remonstrating with U.S. Secretary of State John Foster Dulles, British Foreign Secretary Harold Macmillan, and French Foreign Minister Antoine Pinay. Occasion was "dinner conference" given by Dulles.

## Big Three Officially Deny Recognition to East Germany

MOSCOW (UP) — The Western Big Three formally notified Russia today that they will refuse to recognize Communist East Germany.

The statement, sent in identical notes to the Soviet foreign ministry, was the first formal western response to the Russian-West German agreement to establish diplomatic relations.

(The Western stand was first spelled out last week at New York after a two-day meeting of the Big Three foreign ministers.)

The notes were understood to underwrite West German Chancellor Konrad Adenauer's reservations made at the end of his historic Moscow visit last month. That visit was followed by a Russian announcement granting East Germany full sovereignty.

#### THREE POINTS

The notes were reported to make these points:

1. Reaffirmation that the Western Big Three will not recognize any German government except that in Bonn.

2. Germany's frontiers will not be definitely established until a peace treaty is signed with all Germany.

3. A request for the Soviet Union to reassure the West that it will respect the four-power agreement for free communications between West Germany and East Germany. Official text of the notes was not expected until Tuesday.

The notes were timed to coincide with Foreign Minister V. M. Molotov's first working day at the foreign ministry after his return from the United Nations in New York.

They also were believed to be part of the Western preparation for the big four foreign ministers' conference at Geneva Oct. 27.

### 'Y' Club to Hear Jaycee President

Victoria Junior Chamber of Commerce president A. S. Harris will open the fall session of the YMCA Young Adult Club Tuesday at 8 p.m. with a talk on Jaycee functions in Victoria today.

The theme of club meetings, held each Tuesday until December 13, will deal with aspects of city life, covering police services, town planning, civil defence and various cultural activities.

The club is for persons 18 years of age or over, and the public is invited to attend talks which will be held in the YMCA mural room.

Giving through the Community Chest has been proved the most economical way to help your neighbor.

## NASSER ADAMANT ON ARMS CONTRACTS

CAIRO (UP)—U.S. State Department trouble-shooter George Allen scheduled a final conference with Premier Gamal Abdel Nasser today on the arms question but it appeared Allen's mission had failed.

Nasser not only declared in a speech that Egypt would stick with her agreement with Czechoslovakia to buy arms but also bitterly attacked the western powers and accused them of trying to keep Egypt unarmed and thus be under their influence.

## Tanks, Planes Fight New Morocco Strife

RABAT, French Morocco (AP)—French tanks, planes and troops battled a serious new guerrilla outbreak today in the Atlas mountains of eastern Morocco and along the frontier of Spanish Morocco.

Unofficial estimates of the dead ran into the hundreds.

Armed bands—one consisting of some 2,000 Berber tribesmen—attacked five army outposts defended by Moroccan troops in French uniform Saturday night and Sunday. French officials admitted that two posts were given up under pressure, but claimed both were retaken.

The outbreaks came on the heels of Sultan Mohammed Ben Moulay Arafat's departure from his palace in Rabat to a villa in the international zone of Tangier.

His going was the first step in a French plan to meet the demands of nationalists in the turbulent protectorate, but he left new problems in his wake.

Moulay Arafat delegated his seats

## TAKING LAXATIVES?

Try this safe, natural way to relieve irregularity.

Writes Mrs. E. Pulley of Ottawa, Ont.:

"Taking laxatives for months made me tired and nervous. Kellogg's All-Bran helped me to feel like myself again."

People of all ages find All-Bran an aid to regularity. The great advantage of All-Bran is that it corrects the cause of irregularity due to insufficient bulk.

All-Bran, made from the whole wheat kernel, supplies natural food bulk. It is a good-tasting cereal that has helped millions. All-Bran will give gentle, effective relief from constipation within 10 days or double your money back. Get Kellogg's, the one and only All-Bran. Kellogg's, London, Ont.

Best liked by millions

## Peron Goes To Paraguay

### Dictator's Vic-President Warns of 'Mental Unbalance,' Trouble Ahead

BUENOS AIRES, Argentina (UP)—Argentine authorities added the expression "mentally unbalanced" today to those of larceny and lust in describing Juan D. Peron, the deposed president who flew Sunday to exile in Paraguay.

Peron climbed into a Paraguayan amphibian plane, took one last look at the country he dominated for 12 years and departed. He had spent the last 13 days in Argentina in virtual imprisonment aboard an ancient gunboat.

Peron's plane, escorted by two fighters of the Argentine air force, landed at the Paraguayan capital city of Asuncion at 5:40 p.m. on the third air journey of his life—he has had a terror of flying since 1945 when a plane in which he was travelling to Cordoba lost a propeller.

#### WARNING ISSUED

He was permitted to depart despite a warning from Rear Adm. Alberto Teissiere, Peron's vice-president, that the former president was a mentally unbalanced man who would cause "serious trouble" for the regime of Maj. Gen. Eduardo Lonardi if allowed to leave the country.

Political sources quoted Teissiere as saying the president appeared mentally unbalanced because of his increasing preoccupation with sports and teenage girls and that his military aides ran the government to an increasing extent while Peron chased golf balls and high school girls.

Authorities pictured Peron as a lecherous old man whose task of converting an eight-story apartment house into a mirror-bedroomed harem of teenage girls was interrupted by revolt against him.

The government also released the texts of love letters from the deposed 60-year-old president to

## PARABLE OF TALENTS PUT TO USE

LIVERPOOL, Eng. (Reuters)—Eighty-five members of the congregation of Childwall parish church here each were given a pound note Sunday by the vicar, Rev. W. H. Wade, with the instruction: "Go out and use it—but don't forget to make a profit." The profits—if any—will be handed back to the church at a special service Dec. 18, together with the one-pound notes. The idea is to raise enough money to pay off a debt on church property.

By jumping 17 appeals into one, the Community Chest saves time and effort — yours and theirs.

Rock Bridge, 32 Hurt

## Make a Note

## IT'S Community Chest TIME

## YOUR GENEROUS PLEDGE WILL AID 17 DESERVING RED FEATHER SERVICES

Steady salaried people whose incomes may not allow them to give one large amount, will find it convenient to plan the amount they wish to give in a year, divide it into equal weekly or monthly sums and have it deducted from salary. No more wishing you could give \$25.00 when you can so easily do so at about \$2 a month! The Pledge System offers you several methods of donating to the services which mean so much to persons and families in need.

## THE 1955 COMMUNITY CHEST OBJECTIVE IS \$210,000

A Minimum Estimate of What Will Be Required to Keep the Chest in Operation for Another Year

The UNITED WAY is the most economical way of raising funds for seventeen deserving Red Feather Services. Instead of conducting individual campaigns which would each entail many expenses, the various organizations have combined their requests for financial aid in one great appeal. 97c out of every dollar contributed by you goes into the Community Chest; ONLY 3c OF EACH DOLLAR is used for campaign expenses and year-round administration. THE BEST USE IS MADE OF EVERY DOLLAR RECEIVED!

**HAVE YOUR PLEDGE ALREADY PLANNED** when your Community Chest canvasser calls!

**GIVE THE UNITED WAY!**

*Community Chest*

She won't expect you to know a draft from a money order

When the girls at the Toronto-Dominion begin their training with us one thing is impressed on them: "Nearly every day some customer of the bank comes up against a phase of banking that he's never had to deal with before... it's your job to be as helpful as you possibly can."

So if you deal at a Toronto-Dominion branch, never feel embarrassed about your lack of knowledge on even the simplest matter. Our Staff is anxious to help you, and they don't expect you to be a banking expert.

There are over 450 branches of the Toronto-Dominion Bank in Canada now... and you'll find the same consideration and courtesy in any one of them.

**THE TORONTO-DOMINION BANK**

## Let's Fill That Barrel

ONCE AGAIN THE PEOPLE OF this community are being asked to help their neighbors. Seventeen different charitable agencies have united in a joint appeal for funds to carry on their work for another year. The sightless, the sick, the aged, the unfortunate, homeless children, youngsters' organizations—these are among the neighbors who ask for your help.

Greater Victoria has a good reputation for generosity. When a local family is burned out of its home, when the cry of hungry children or destitute refugees is raised overseas, hundreds of people rush to offer their aid. There is a neighborly warmth to this city of homes.

But the fact remains that the seventeen agencies for which the Community Chest collects money have difficulty each year in getting enough. Each year some needed work has to be curtailed, some act of charity has to be abandoned, some

job must be left undone that should have been done.

Perhaps this is because many people do not realize that the Community Chest is not just one organization but seventeen. Perhaps they do not realize how little one dollar means spread over seventeen agencies for a whole year. Perhaps it is because many do not have in a lump sum at one time the amount they would like to donate.

For the former a reminder that their own good fortune is not shared by all their fellow citizens should be sufficient. For the latter contributors the payroll deduction plan has been devised—donors can spread their gifts over the whole year through automatic deductions from their pay cheques.

Community Chest officials ask for a generous response so that local charities will not need to scrape the barrel all next year. The need is great. Let the reply be worthy of our city.

## The Public's Investment

ONE OF THE ITEMS ON THE agenda of the forthcoming federal-provincial conference is especially interesting to the Bennett Government. It is labeled "Public Investment and natural resources development."

The exact meaning of those terms has never been defined, but roughly they cover government spending of all sorts in capital account—roads, buildings, railways, canals, parks, or any other expenditure which provides some permanent public asset. In any society, particularly in a growing society like ours, we need, and can afford many such investments and they can be an important factor in the smooth operation of the economy.

To hear some of our ardent Keynesians talk, one might imagine that the mere act of state spending could solve all economic problems, even though our economy is vitally dependent on foreign factors which no Canadian state can control. If the spending theory is exaggerated, and Keynes grossly caricatured, it is still true that wise management and timing of capital investment can exercise profound effects on our prosperity.

The Federal Government apparently is inviting the provinces to consider how this investment can be concerted and timed to do the most good, where and when it is needed. In a unitary state, such as Britain, a single government can use economic weapons of this sort as it pleases, when it pleases. In our federal system eleven sovereign governments can, and often do, work at cross purposes in their capital spending as in other things. The purpose of the Ottawa conference—apart from its more urgent taxation problems—is to achieve at least some rough advance planning of public works.

Federal authorities already have made some successful experiments of their own. When, for example, the economy sagged a little in 1934, Ottawa encouraged and achieved a sudden spurt of home building which gave us not only many badly-needed houses but direct employment for some 250,000 Canadian workers, apart from employment in subsidiary industries.

Now the Government is attempting

ing, in some degree, to modify the chaotic slackness of the Canadian winter by maintaining its building activities throughout the year. This is an example which the provinces might well imitate in the construction of buildings and roads, wherever possible. With modern machinery we should not assume that this work must be confined to a few months in summer and its workers dismissed in the autumn.

Theoretically the eleven governments could plan their investments several years ahead, increasing them in slack times, and reducing them to counteract inflationary pressures during times of high private activity.

In practice, however, this is exceedingly difficult, and the Federal Government's experience so far has been disappointing. Its only major contribution to provincial works—the Transcanada Highway—has not been spent as planned. Provinces like British Columbia have long clamored for federal money to build roads but when they were offered it for the nation's trunk road, on a fifty-fifty basis, they failed to use it on a schedule. The Transcanada Highway, notably in this province, has bogged down.

For their own purposes, sometimes the purposes of local politics, provincial governments often prefer to spend their money on side roads which are no part of a national plan and receive no federal contribution. The same difficulties doubtless will arise in planning other kinds of public works. Any plan involving eleven separate governments is always at the mercy of diverse pressures and conflicting views.

No national government in its senses will simply underwrite any expenditure proposed by any province. If it pays the piper, even in part, it must have some power to call the tune.

Despite all these obvious difficulties, however, a round-table discussion between the governments (if all of them will try to forget parochial politics) may have useful results. At the moment a booming economy needs little stimulus from the state, except in a few areas. The time may come when nation-wide planning of investment will be essential, and the time to begin planning for a rainy day is when the sun shines.

## Effective Check on Speedboats

PROSPECT LAKE RESIDENTS after suffering with relative forbearance the nuisance of high speed and noisy small boats during the summer have been moved recently to protest against young drivers who forced their boats through a flock of geese. They are seeking sanctions against such behaviour.

Like others on different lakes throughout Canada they are having difficulty in locating the particular authorities who can assume control over speedboat drivers. They find that there is no one close at hand with apparent power to bring a speedy end to bad behaviour on the water.

There is one procedure which has been adopted successfully in certain localities. It is a method of persuasion which encourages groups of

adult small boat owners to exercise their own discipline. Where powerboating is organized, officials of different clubs can speak effectively to members. And they have an excellent argument.

They warn those who disregard the comfort and enjoyment of non-speedboat owners that if the owners continue to be a nuisance, public reaction will lead to effective checks against them.

By applying group sanctions they can get results. Where it is impossible to follow this course, they face—and they know it—a growing agitation from the public which will result in more formal action against the heedless boat driver who is a danger to himself and everyone in the trajectory of the missile he guides.

## Good White Marble, Going Cheap

FROM PIETRASANTA, ITALY, the Associated Press reports one of the "rarest white elephants in history." It is a statue of the late Eva Peron, 53 feet high, and other statues commissioned by Argentina before Peron was overthrown.

The projected work was to have been 450 feet high—145 feet taller than the Statue of Liberty—and was to have risen to the honor of Juan and Evita in a mass of 43,000 tons of Carrara's white marble fashioned by Italian sculptor Leon Tommasi, his sons and helpers.

Under other circumstances this massive piece might have lifted above the roofs of Buenos Aires—a monument by Peron to himself and his wife. Now it is merely a supply of white marble, presumably going cheap in an Italian town.

Which suggests the wisdom of leaving to posterity the task of assessing the historic value of a person and determining the size of a statue to him. At present a monument slightly smaller than a chessman would seem a great deal too tall for the former dictator.

## Book Mark of a Good Citizen

## Chips

BY DAVID BROCK

I BELIEVE I quite recently advised you to have a good look at The Peasant Cookbook, by Marian Tracy. It is both stimulating and satisfying. But I have one fault to find with it. In the introductory remarks to a good Scottish recipe for tripe and onions, the author says "His wife was Scottish and she liked many dishes from that country despite their dismal reputation." Overlooking the word "that," which refers to a country as yet unnamed, the author means "her country, not 'that' country." Let us concentrate on this stuff about a dismal reputation. Where does this dismal reputation perpetuate itself? Not among men who have tasted Scots food.

Naturally, it is possible to find bad food and unreasonable recipes in Scotland, just as it is possible to find them in the kitchens of the Hotel Stupelant in Paris itself. But in the opinion of a good many of us, Scotland leads the world in beef, kippers, salmon, marmalade, and an infinite variety of breadstuffs, cakes, and so on. . . . to name only a few kinds of food. And in many drinks also, including Athole brose and certain types of beer (called ale by the genteel). If the Scots are so fond of their palates and stomachs, it is very likely they would be typically dismal in their recipes? Far from it.

### HOORAY, HOORAY

I SEE in an advertisement that the Educational Toy Section of the XYZ Stores is now lucky enough to possess a "qualified toy-consultant." This good woman not only has a master's degree in Early Childhood Training, but is a registered nurse as well. If there is one person I like to buy toys from, it is a registered nurse. The more registered the better. Maybe she could sell me some invalid dolls for me to play doctor with. With removable amputations and washable chickenpox. And if you think I am being a little sarcastic, let me assure you I would far rather buy toys from a Master of Early Childhood Training and a registered nurse than buy children's books selected for me by a schizophrenic juvenile literary expert. Schizophrenic, because her mind is pulled in one direction by misapplied psychiatry, and in another direction by cute whimsy.

### FAIR TREAT FOR THE KIDDIES

AND speaking of books for children, a man showed me some things he had been writing with one eye on the kiddies and the other on radio or TV or the publishers. His stories were highly derivative. . . . you could see much more than mere traces of Puck of Pook's Hill, Alice in Wonderland, Peter Pan, The Crock of Gold, and half

a dozen other classics. And the mixture of borrowings from these little gold mines was no longer pure gold, somehow, but a very dismal recipe indeed. Dismal to me, anyhow. . . . perhaps I am too loyal to the originals. The stories were also whimsical in a very routine manner, a formula manner. And they were highly instructive, and devilishly calculated to be "worth-while," giving the child painless and probably inaccurate lessons in Canadian history, nature study, and so on. He read me a few selections and asked what I thought of them. I didn't say I thought they were simply disgusting, though this was true enough. I said I could see a great future for them in print and on the air. And this was true enough too. Editors would lap it up. So would many parents. So would certain children, even. What an awful world this is.

### NOT VERY SURPRISING

I LAUGHED and laughed and laughed. The experimental farm at Lethbridge has been fooling around with housing for dairy cattle. And it finds that the cows much prefer primitive methods to warm, clean, sanitary, costly methods. A herd of 50 Holsteins was split in half. Twenty-five of them were turned into "loose housing," and the other 25 remained indoors in stanchions. Now, the 25 in the loose housing were not rough, tough, savages who didn't know any better. Up till then, they had been indoor cows themselves. Yet when they were given a rough shelter and allowed to wander outdoors when they liked, at any time of the day or night, they began to thrive.

"Boy, this is really living," they said. And under the new conditions, the cold, dirty, cheap, bad, old-fashioned freedom, they began to give an extra quart of milk a day. . . . 710 pounds more a year. Milking costs were cut 25 per cent. . . . to say nothing of building and heating costs. Under the new slipshod regime, the bacteria count in the milk went DOWN, not up. Illnesses were down by 25 per cent.

THE cows fed themselves as they liked, day or night, from a bunker, and their appetites improved. As well they might improve, for they had been moved from a modern barn at 50 degrees above zero to loose housing at 10 below zero. This is the sort of news that cheers me up. Anything that makes "progress" look silly. . . . which is sometimes an easy task. The man with every modern "improvement" will always tell his neighbor "You're behind the times." He usually names a definite figure. "You're fifty years (or whatever it is) behind the times." How pleasant to learn that this optimistic simpleton, this devout believer in infallible Progress, is himself a long way behind reality. Or away off to one side.

## DENNIS THE MENACE

"WOULDN'T YOU WANNA SHAVE, TOO, IF YOU HAD ALL THAT HAIR ON YOUR FACE?"

## As Our Readers See It

### NO LAUGHING MATTER

If Mr. W. A. Scott approached the City Council in the correct manner as becomes a gentleman, and a taxpayer, he has a perfectly right to object to free courtesy tickets to out-of-town visitors. They have absolutely no more rights to favors than any of our town citizens or taxpayers. In fact it is a dangerous thing to grant these things. Sift the thing out and you will see what I mean. Our laws must be kept in all respects in any city. Granting these favors is a weak procedure.

May I say to Alderman Edglow this is no laughing matter as he seems to think, when he said at the meeting "It brings a little fun into the council." He should have been corrected by the Mayor on that point.

Alderman McMillan says "the by-law should be changed to legalize the procedure" I am surprised at him and must inform him he is absolutely wrong.

Another alderman states what he observed in the United States. We don't need to be told what he saw there, I must remind him this is B.C.

Such boyish statements from people we put there to represent the people of Victoria, B.C. and the taxpayers as a whole.

There is absolutely too much talk about tourists, and for that matter a great many things which do not concern us here. If visitors come here, let them do as the rest of us do, or what we are supposed legally to do, and not look for stupid favors. I imagine they get quite a laugh out of us.

(MRS. F. ADELAIDE MARSHALL  
749 Fort Street.

### BREATHE DEEP

Having attended at one of the city churches on Sunday night last, the exhibition in picture form of what science has learned featuring the immensity of space and the incomprehensibility of endless time, and by comparison getting a remote and limited idea of man's insignificance, and the totally incomprehensible and infantile idea man has of his importance to the Force or the Power responsible for

this most unknowable universe, I was forced to wonder what possible influence it is that induces man to suppose that his minute and inconsequential and only momentary existence either now or during that eternity his pictures could in any way be of the slightest interest to such gigantic, such impersonal and such immeasurable Force or Power with interest only in the immense and in the most, extremely limitless.

L. J. PEPPER.

1161 Fort Street.

### 'ASHES OF THEIR FATHERS'

The Greater Victoria Teachers' Association quotes (as apparently above criticism) the following in a school primer: "Jane said, 'Look, father, will you please help me? You work for mother. Can you work for me, too?'"

"I will see," said father. Observe that the smug little prig, Jane, has no notion of her father as being fatherly. He'd never done anything for her. But as he worked for mother, perhaps he'd mend her doll's buggy.

"This sort of thing will suggest to tiny kids, criticism of their own fathers. How much use are fathers, and so on?"

A 1888 Machiavellian approach in this fascist scheme of separation of children from parents was indicated in the Times a couple of months ago, when a preparatory school instructed that "Mothers should, only accompany their infants to school on the first day." (Motorcars regarded.)

For nine or ten months, a campaign has been on to impress on tiny kids the word "Grandma," as a term of opprobrium, an insult. I don't know from what source it originates.

Even so, the poor young dupes of Victoria College may not be aware, in their recent initiation ceremony of bestowing indignity and derision on "Grandma" that they are displaying no more originality than could a bunch of sheep confined in a pig pen.

G. SHRAPNEL.

1578 Clive Drive.

## When They Become Canadians

The news item from Montreal in your issue of Wednesday, September 28, describing a movement among clubs and organizations in that city to introduce some "sociable aspect" into the legal procedure of the naturalization ceremony leads me to ask if you would print the following statement.

After reading a report in the Times of Wednesday, September 14, on the conference of the Regional Council of Canadian Clubs of B.C. held in Victoria on Tuesday, September 13, and later comments in your issue of September 20, I wish to state the following facts:

During a discussion on the part that Canadian Clubs take or should take at the time of the ceremonies, the presidents of the two Canadian Clubs of Vancouver reported the active interest taken by their clubs in extending a welcome to new Canadians. The president of the Women's Canadian Club of Chilliwack also spoke of their interest and of the fact that they had been highly commended by the judge for their contribution.

After asking permission to speak from Mrs. Wismer, the president of the Victoria Women's Canadian Club, I explained that for several years through its representative on the Canadian Citizenship Council, the local club had taken a live interest in the ceremonies and had with representatives from other organizations, tried unsuccessfully to plan just

such a function as had been initiated in Vancouver and other cities across Canada.

Although they have not been successful in persuading the local judge that their plans were desirable, yet at all times the members of the Canadian Citizenship Council have been received with courtesy and consideration by both His Honor Judge H. H. Shandley and His Honor Judge J. B. Clearhue.

Never has any attempt been made to "change the ceremony," which is set by law and which consists mainly of the oath of allegiance. The plan has been for the new Canadian to remain after the court is adjourned when they can be met and welcomed by representatives of reputable organizations. In centres where this has been done the newcomers have been very much impressed by their first contact with their fellow Canadians. In Vancouver the procedure is dignified and impressive. The privileges and responsibilities of Canadian citizens are briefly outlined and the new Canadians are welcomed by other citizens.

As to the charge of "flag waving" surely there could be no more suitable time to display the flag than at a time when people are taking the very momentous step of relinquishing one loyalty and pledging allegiance to a new country.

(H. L.) ALICE C. SMITH.  
Past-President, Canadian Citizenship Council of Greater Victoria.

## THE OTTAWA SCENE

By VICTOR MACKIE

## Prime Ministers Get Help

THE tremendous responsibilities that bear down on the president of the United States make it a killing job. The fact that President Eisenhower said that a heart attack is not surprising. What is surprising is that former president Harry S. Truman was able to complete his term in that high office without a serious breakdown in his health.

Fortunately while the responsibilities of the prime minister are many and onerous in Canada they do not impose the same crushing burden. President Eisenhower daily is faced with decisions large and small that inevitably take a heavy toll of his energies. In the Canadian system there is a provision for delegating authority.

This does not exist in the United States where illness incapacitates the president. When Mr. St. Laurent leaves Ottawa for a long absence he names a senior member of his cabinet as acting prime minister. When the president leaves Washington he takes his responsibilities with him, wherever he may go.

### WHEAT

Canadian wheat experts profess not to be too concerned over reports that the United States might withdraw from the International Wheat Agreement. There have been reports originating in Washington that the U.S. might not press for a renewal of the agreement beyond the expiry date of July 31, 1936. Canadian wheat authorities claim that the American attitude will hinge upon whether or not the United Kingdom decides to re-enter the I.W.A. If the U.K. comes back into the I.W.A. then the U.S. will almost certainly agree to a renewal. The view here is that the chances of Britain rejoining are good providing that the Americans do not hold out for too high a ceiling. It was the U.S. insistence on a ceiling of \$2.05 that led to the British pulling out of the I.W.A.

### CONFERENCE

A United Nations conference to consider renewal or replacement of the International Wheat Agreement is scheduled for Geneva on Oct. 26. Requests for the conference was submitted to the U.N. by Sheel Anderson, chairman of the wheat council. He is a Briton, but this is not regarded as having any implication that the United Kingdom is anxious to re-enter the I.W.A.

It came as a bit of a shock to officials in Ottawa concerned with wheat when U.S. Agriculture Secretary Benson informed reporters here that his country has not made up its mind about supporting another I.W.A. He added that

there was a lot of sentiment against renewing the agreement in the U.S.

This question was raised at the Ottawa conference between four Canadian and four American cabinet members. The Americans were "friendly to the idea of continuing the I.W.A.," reported Trade Minister Howe, "But they pointed out that it rested with Congress to decide."

### ULCEAS

Newspapermen assigned by their respective papers to accompany Mike Pearson on his journey to Russia underwent a nerve-racking experience prior to his departure last Friday. They were informed by the Russian embassy that their applications for visas permitting them to enter Russia had to be cleared in Moscow. Until they received their visas they could not depart for Russia. One of the press corps received his visa well in advance, enabling him to take off on his date he had scheduled to leave.

Others were forced to cancel their commercial reservations on the World Airways when no visas were received. Bombarded with complaints and protests the external affairs department turned to the Russian embassy for an explanation. But the inscrutable Russians urged the newspapermen to be patient. The visas would be available after they had been "processed."

### REACTOR

Canada's offer of a high-powered research and experimental atomic reactor has been accepted by the Indian government. But announcement of Canada's gift has received little publicity. No value has been placed as yet on the unit. The estimated replacement cost of the NRX reactor at Chalk River is \$11,000,000. The reactor that will go to India will be similar as to type and presumably its cost will be about the same.

Recently The Economist (London) carried a section on "Atomic Energy in Harness." It suggested that Britain should pave the way for future sales of power reactors abroad by providing foreign countries with experimental reactors for research purposes. This is what Canada has done. The reactor is being given to India under the Colombo plan.

READING  
LOST ERAS

Anybody under the age of 35 now has very little idea, if any, of what Europe was like before the war. While it is only people over 60 now who can remember the quite remarkable freedom, or modern standards, of Europe before 1914.

Duke of Edinburgh.

## Which Is It?

WHAT'S that? At a casual glance, you can't tell the difference between the sexes these days?

My dear, how feeble. There's no trick to it at all.

We'll make a superficial survey to prove my point. After all, this is an age of surveys, so let's be modern and do it the scientific way.

See this one, walking ahead of us down the street. Its hair is too long for a boy and too short for a girl. It's wearing blue jeans, a checked shirt and a brilliant sash jacket. It's sloping along in loafers and grubby, once-white socks. Now, which is it? All right. One up to you, because I'll admit that I don't know.

Now this one. Its pants are palest pink. Its shirt is primrose yellow, and its jacket is a delicate but rather dirty blue. Okay. Two up to you. It could be either.

It's wearing an apron and washing dishes at the kitchen sink. Well, it could be Mom or Pop, since Mom has started going out to work. They've figured that he should do the dishes for her when she comes home at night.

It's rushing off to work at exactly 8.15. See the cigarette dangling from its lips. Once again, it could be either.

It has coveralls and a black lunch bucket, and it's going to the shipyard? A river? Well, in the war, it could have been a woman. Nowadays, it's more than likely to be a man.

It's wearing goggles and a lot of gashly apparatus? It's just broken the sound barrier? A man, I guess, but it might just be another Jacqueline Cochrane.

It's glassy-eyed and smeared with grease, and they've just pulled it from the water because it's almost swum a channel or a lake or strait? It might be either, dear. I would not like to say.

Its hair is long and wavy. Its blouse is frilly lace. It loves wavy music and the gentle glow of candlelight. Now, don't let's be beastly. We know that's Liberace.

It's been poured into a very tight and very low-cut evening gown. Its walk is something that few of us can emulate. Or care to! That's an easy one. Marilyn Monroe! And we all know what she is.

It's pushing Junior in a wire shopping wagon, and buying groceries at the cash and carry on Saturday a.m. Well, that's Dad. No doubt about it. Still kidding himself that he's got a five-day working week.

And, as often, much of this is nonsense because I simply love to poke a little fun. But I wonder just a little about the changing roles of men and women. For they are changing. Just think back a hundred years. And then think ahead a hundred and do some idle speculation.

Who, nowadays, often helps to bring home the bacon? Whose paycheck, nowadays, is helping pay off the instalments on the house?

Who, in North America, really wears the pants? Who, after centuries of meek and mild submission, is really on the march? Who buys the bulk of the nation's consumer goods? Who sets the fashions and decides the trends? Who is quite remorseless when it comes to organizing a pressure group? Whom do politicians really fear? Whose vote do they go all out to get?

I don't know. But it seems to me that we are living in some very funny times.

By DR. WALTER C. ALVAREZ

## YOUR HEALTH

## Insane May Not Feel Pain

Dr. Alvarez is Emeritus Consultant in Medicine, Mayo Clinic and Emeritus Professor of Medicine, Mayo Foundation.

In a recent article, Dr. Walter E. Marchand wrote up a series of 52 cases in which an insane patient felt no pain when he suffered a coronary thrombosis, or plugging-up of one of the main arteries in the heart. Ordinarily, such an accident would cause severe pain in the chest. In this series of cases, 82.5 per cent of the patients who lived through the experience did not complain of pain.

Dr. Marchand thinks that the patient felt no pain but, because of their confused mental state, they did not worry about it. They were so fully occupied with their insane ideas that they did not pay any attention to a mere pain.

All of which fits in with what we physicians have long known, that many a person who is complaining bitterly of some pain and demanding morphine for its relief is suffering more from his fear of the pain and of the disaster or death that he fears it will bring to him, than from the pain itself. A man in the next bed in the hospital, with perhaps the same amount of pain, but no fear, may be reading the paper.

Years ago, the pathologist who made autopsies in a state mental hospital, occasionally used to show me the organs from an insane man who had died that day. What was puzzling my friend was the fact that up to the day of his death the man had not complained of any pain or distress; and yet there were his organs—all riddled with tuberculosis, or cancer.

## SAME IN MONKEYS

As I told the doctor, the pathologist who once wrote a big book on the diseases met with in animals which die in zoos also marvelled at this phenomenon, often seen in monkeys. One day a monkey would be jumping from side to side of his big cage, and the next day he would be dead, and the autopsy would show almost every organ in his body eaten up with tuberculosis. The important point is that a worrisome patient with that amount of disease would probably have been ill and complaining for a year, and would have been down in bed for several months.

Occasionally, today, when a patient is suffering great pain from scattered cancer, a neurosurgeon will operate to separate the front lobes of the brain from the back part of the organ. This may not keep the man

from feeling pain but it often causes him to feel no concern about it; like the insane man and the monkey, he does not pay attention to it, and he does not worry about it. This is a last resort type of operation, because sometimes it brings unpleasant changes in character. Just as the man no longer feels concern about his pain he may no longer feel concern about staying neat and clean and pleasant.

As I often have to say to a man who has recovered from a heart attack, "Today you are suffering not from heart disease but from the fear of it."

Obviously, if a person is much worried about an illness, he should go to a good physician and get properly examined. Then, if the doctor should say, "Don't be concerned; this is not a dangerous pain, and it will not bring disaster," he should try to cheer up and get rid of his fear. If he can banish fear, his pain may let up or become easily bearable.

Sometimes, when a person full of cancer and racked by pain goes to a quack who guarantees a cure and gives some colored water, for some weeks the pain will almost go, and the person will gain 10 pounds. Why did he improve? Because for a time, that terribly destructive agent, fear, was replaced by hope.

While ago I pointed out that juice expressed from the nodules of Hodgkin's disease, a form of cancer, evidently contained a virus which, though it would not grow in any animal or medium then known, would interfere with the growth of another virus. Recently, an investigator reported that by injecting the juice from Hodgkin's tumors into suckling mice, he could demonstrate a virus that quickly killed the animals. It killed them before tumors could grow. Now by transplanting the virus into older and older mice the doctor may be able to reproduce the chronic cancer-like disease. Then, perhaps, he can produce a remedy of some kind. Today, the treatment of Hodgkin's disease consists almost entirely of radiation.

According to a recent article by Col. H. I. Armory and Dr. Milton Friedman, when patients are treated in the early stage of the disease, 50 per cent will be alive 5 years later, and 12 per cent will be alive 10 years later. The results are not so good in cases of patients who come in for treatment late, after a relapse.

The first symptom in the first stage of the disease is usually swelling of lymph nodes in the neck or arm-pit or groin. In later stages there is often fever, itching of the skin, and loss of weight and strength.

Service on Friday  
For Col. Macintosh

A memorial service for Lieut. Col. Macgregor Fullerton Macintosh will be held Friday at St. Mary's church, Elgin street, Oak Bay, at 12 noon. Archdeacon A. E. deL. Nunns will conduct the service.

Col. Macintosh was a passenger in the aircraft which disappeared in the mountain wilderness country around Kitimat last August 3. No trace of the plane has been found, despite intensive search.

Col. Macintosh had a host of friends in Victoria. He was a one-time Conservative MLA and latterly served with the Labor Relations Board. At the time of his disappearance he was a private counsellor on labor matters for industrial firms.

ONE MORE Z  
AND HE'D BE  
UNBEATABLE

LONDON (AP)—A man who may be champion for a long time took over today as holder of the last place in London's telephone directory.

His name: V. K. Zzu. In the new directory Zzu gained the prideful place from Lewis Zymbala, who reigned for years.

FALSE TEETH  
That Loosen  
Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTRETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Do not sour. Checks "plate odor" (denture breath). Get FASTRETH at any drug counter.

## Oct. 29 Start Set for Ferry

A tentative date of Oct. 29 has been set for the opening ceremonies of the Crofton-Vesuvius Bay ferry service, it was announced at a Crofton meeting of representatives of Chambers of Commerce from Salt Spring Island, Nanaimo, Duncan, Crofton, Chemainus and Ladysmith.

## Board Plans New Block For Hospital

DUNCAN—King's Daughters Hospital development committee, a sub-committee of the hospital board, has recommended a new block with 34 beds as permanent "core" of a new hospital building.

This is the first and most costly objective in launching the new hospital program. Air Marshal Sir Philip Livingston, FRCS, chairman of the committee, reported to the board.

The committee also has decided that taxation is the "only practical procedure" for obtaining funds, and that School District 65 should be the area concerned.

**NEW COMMITTEE**—The city of Duncan and municipality of North Cowichan already have means for raising funds, the committee chairman said, therefore a system must be devised to deal with unorganized territory.

It will involve formation of a district committee and circulation of a petition, the hospital sub-committee reported.

Sir Philip listed eight serious handicaps under which the present hospital now operates as a shortage of beds, fire danger, defects in the operating theatre block, insufficient X-ray and laboratory facilities, lack of isolation wards, sub-standard children's ward, and lack of storage space.

## Motorist Fined In Sooke Court

SOOKE—Mrs. Sally Stencil, charged Saturday in Sooke RCMP court with careless driving, was fined \$25 and costs by Magistrate Fred Thornber.

The charge arose out of an accident on Sooke Road, when Mrs. Stencil's car turned over.

William Hall, of Victoria, charged with having a campfire during a closed season and with no permit, was fined \$25 and costs.

William Chard pleaded not guilty to a charge of careless driving and was remanded to Saturday for trial.

## Anglican Auxiliary Elects New Officers

LADYSMITH—New officers of the girls' auxiliary to St. John's Anglican Church are Patricia Aitken, president; Jocelyn Felker, vice-president; Diana Bredenberg, secretary; Sandra Maunus, treasurer; Patsy Orenden and Carole Paria, refreshment committee heads.

## Kiwanis Club Aids Housing Project

NANAIMO—Kiwanis Club here has turned over \$1,400 to the fund created to start a senior citizens' housing project here, making a total on hand of \$7,500.

The money will be spent on the first duplex to be built on five acres donated by the city for the project.

## Winners at Whist

LUXTON—Prize winners at the whist drive sponsored by the group committee of Happy Valley Boy Scouts were Mrs. P. Kennedy, Mrs. A. Silman, Mrs. W. Allen, Mrs. J. Moseley and G. Resvick. Mr. Resvick was convener.

## Island Digest

6 Victoria Daily Times MONDAY, OCT. 8, 1955

**TOPS IN CANADA**—Employees of Canadian Industries (1954) Ltd., James Island, won the general manager's prize for safety this month after completing 13,405 days of work without a lost time injury. Plaque attesting to record is held by W. R. Devlin, foreman, nitroglycerine department. Working on plaque states "The amount of the award was donated to the Solarium building fund." (Strickland photo).

## Ladysmith Hospital Fund Within \$7,000 of Objective

LADYSMITH—Ladysmith Hospital Foundation needs only \$3,000 to \$7,000 to make up the \$100,000 required for its share of the cost of a new hospital, D. McKay has reported to the hospital board.

The foundation has \$54,500 in the bank, he said, and the balance is made up of pledges from large industries.

With sketch plans for the new building approved by the board, efforts now will be directed toward furnishings.

## Brentwood Club Holds First Party

BRENTWOOD—First party of Brentwood Community Club in the community hall Friday night attracted 200 members to a program of moving pictures and community singing.

Don McMuldroch, president, was official host for the evening, and singing was led by Victor Dawson. Honored by the other members were Mr. and Mrs. Ted Holloway, long time members of the club, who celebrated their 25th wedding anniversary Friday.

Refreshments were prepared and served by a committee working under direction of Mrs. P. Hafer.

Assisting Mr. McMuldroch on the executive are Mrs. M. Peard, secretary; Ted Holloway, treasurer; Mrs. M. Knott, recording secretary; C. Douglas, vice-president; and H. Andrews, news editor.

## Nanaimo Sets New Building Record

NANAIMO, B.C. (CP)—The city building department here announced Saturday that building permits worth \$2,764,000 were issued during the fiscal year which ended Sept. 30. This amount eclipsed the record established the previous year by more than \$250,000.

## \$25,000 Spent On Salt Spring Land Clearing

GANGES—Approximately \$25,000 will have been spent on land clearing on Salt Spring Island this year to the end of October, it was reported by D. Crossfield of the provincial land clearance department, at a meeting of the directors of the Island Farmers' Institute.

Mr. Crossfield also said enough work was lined up for next year, and that the land clearing team would return to the island if the necessary petition was sent to the department. George Heinekey, president of the institute, thanked Mr. Crossfield and said farmers on the island have been more than satisfied with the work done.

A reward of \$100 has been set by the island institute for information leading to the arrest and conviction of anyone illegally wounding or killing sheep. Notices are being printed and will be distributed to the flock owners by the Sheep breeders' Association.

It was announced that Mr. Heinekey has taken over artificial insemination work on the island following completion of a course in Milner, B.C.

## Island Kinsmen Installation Set for Friday

CHEMAINUS—Incoming officers of the Kinsmen and Kinette Clubs will be installed in a dual ceremony in the Legion Auditorium Friday evening.

In charge of arrangements for the program is Dave Murray, immediate past president of the Kinsmen Club. Installing officer will be Pat Shea, Nanaimo, district deputy governor.

Presentation of a trophy to the outstanding Kinsmen of the year will be made following the installation.

## Mrs. R. Morris Arts Centre Head

SIDNEY—North Saanich Arts Centre has elected Mrs. R. J. Morris as president for the coming year, and Mrs. W. Reagan as vice-president.

Other officers are Mrs. I. Prieswerck, secretary, and Mrs. F. J. Eves, treasurer. Committee heads are Mrs. Reagan, exhibits; Mrs. R. Swayne, vice-chairman of exhibits; Mrs. M. Buckingham, publicity; and Mrs. G. Jack, membership and scholarship.

## Archivist Warns Against Destruction of Resources

PARKSVILLE (CP)—Highlights of B.C.'s history were outlined at a meeting of Qualicum-Parksville Canadian Club here by Willard E. Ireland, provincial archivist, Victoria.

"There has been a fine heritage left for us to uphold by the early pioneers who built up the country with an eye to the future, not just for their own generation," he said.

"Natural resources are not a special gift for any one generation. The ghost towns scattered across B.C. should be a warning against wilful destruction of our natural resources," he warned.

Mr. Ireland explained the reason for the centennial celebrations being set in 1958 when the province was actually settled earlier.

"The gold rush of 1858 was the most significant event in the history of B.C. and resulted in the annexation of large portions of the province still unclaimed by the British government at that time. This was due to the great influx of Americans and the fear that the U.S. would take over the rich land to the north," he said.

## First Aiders Elect Bennett In Chemainus

CHEMAINUS—Andy Bennett was elected chairman of the St. John Ambulance Association, Chemainus Centre, at the annual meeting.

Other officers are: vice-chairman, B. K. Wallace; secretary, R. J. Rutherford; committee members, J. Atkinson, W. A. Fyffe, H. S. Wilson, R. A. B. Arnell, R. Roy and J. W. Woodley. Class instructor will be R. J. Duncan.

Last year 47 candidates took the St. John Ambulance examination and qualified as follows: certificates, 19; vouchers, 8; medallions, 6; labels, 14.

Thirty-five continued with the industrial course. During the year, Chemainus Centre contributed \$210 toward the provincial headquarters campaign fund.

## RCMP Constable Given Farewell At Parksville

PARKSVILLE—Const. Ian Hall, RCMP, who took part in many searches with his dog, "Rip," and who will leave shortly for Cloverdale, was a guest of honor at a farewell party staged by the Canadian Legion and Ladies' auxiliary.

Acting president Joe Ryan presented Const. Hall with an engraved cigarette case. Clifford Pettigrew gave him a past president's pin, and Charles Baker acted on behalf of local residents in giving him a mantle clock.

## BOAT RESCUES QCA AIRCRAFT AT KYUQUOT

KYUQUOT (CP)—A Queen Charlotte Airlines plane was forced down near a small island outside here when the pilot discovered an oil leak after he discharged his passengers and took off for the return flight to Port Alberni.

The pilot radioed Kyuquot that he believed his plane was going to catch fire and was landing. A speedboat was sent from the northern Vancouver Island fishing village and the plane was towed into port.

Don't take chances with COLDS—  
Relieve Suffering this  
Sure Way that  
**DOES MORE  
THAN WORK  
ON CHEST!**

When a cold makes you miserable, you need Vicks VapoRub—the proved medication that acts two ways at once. When you rub it on, VapoRub quickly relieves muscular soreness. At the same time, VapoRub's medicated vapors bring relief with every breath. Soothing vapor medication travels deep into your nose, throat and large bronchial

tubes. Congestion starts breaking up. Coughing eases. Warming relief comes, lasts for hours. So when colds strike, depend on—

**VICKS  
VAPORUB**  
Rub on Relief... Breathe in Relief!  
Vicks and VapoRub are Reg. Trade Marks.

Which should you choose?

You can burden a friend or business associate with the difficult, time-consuming task of settling your estate. Or you can do it the safe, efficient way... by appointing The Canada Permanent Trust as your executor. You know your family will find Canada Permanent Trust friendly and sympathetic to deal with... and you know your estate will be settled as provided in your will. It costs no more for this peace of mind.

## Kramer Trial Set for Wife's Mystery Death

PENTICTON, B.C. (CP) — The discovery of the body of George Kramer, 28, of West Summerland, charged with the murder of his wife, was committed here Saturday to stand trial at the next session of the Assize Court in Vernon.

Kramer was charged with the murder following the discovery of his wife's body Sept. 11 in a shallow grave scooped out of muskeg 17 miles north of here.

The discovery of the body climaxed a six-day search by RCMP for both Kramer and his wife after they were reported missing by the wife's parents.

During the preliminary hearing here Saturday, Dr. W. A. Wickett, who performed a post-mortem on the 22-year-old Summerland school teacher, said he was unable to determine the cause of death.

## VISIT TO RUSSIA URGED FOR DOCTORS

MONTREAL (BUP)—Dr. Wilder M. Penfield, one of the world's top neurosurgeons, returned today from a two-week visit to Russia and advocated an exchange of Canadian and Russian doctors.

"There's a lot we can learn from them," he said in an interview. "But there's also quite a lot they can learn from us."

Penfield, director of the Montreal Neurological Institute, said the Russians "treated me very well." He said he visited several Soviet hospitals and institutions and found that Russian doctors "know much more about us than we know about them."

## Nurse Recruiting Study Asked by Hospital Body

A resolution passed by the Island Hospital Regional Conference Saturday asks the B.C. Hospital Association to study recruitment of more nurses.

The 100 delegates from all Island hospitals asked that a committee be set up by BCHA to investigate the situation which sees many girls finished school before they are 18 and old enough to be student nurses.

In the interim period, many potential nurses are drawn into other forms of employment, the conference felt.

The two-day convention ended Saturday afternoon. Royal Jubilee and St. Joseph's Hospitals were hosts.

Red Feather slogan of "Give the United Way" means the contributor is giving to 17 agencies in one. United giving is more efficient, convenient and economical than giving to 17 separate campaigns.

## PUT OUT THE FIRE OF BURNING STOMACH PAINS

with amazing prescription-type tablet!

If you have "chronic" acid indigestion—terrible pains, sour stomach, awful gas, heartburn, after every meal—you'll bless amazing Plunder's Tablets! Medically-proven formula works two ways to soothe pain fast: (1) acts instantly to neutralize excess acid, quiet the digestive churning that causes your pain; (2) coats stomach to guard against further attack by irritating acids.

Then you can eat without worry about acid indigestion! Can get up from the table without fear of gas, pain, heartburn, sour stomach! Plunder's Tablets bring instant relief—when nothing else helps—or money back! Get Plunder's Tablets at drug-gists today.

## MARKET SUMMARIES

### Prices Drop At Toronto

TORONTO (CP)—Prices wilted on the Toronto stock exchange today under the influence of a decline at New York. The lower movement spread in late trading and the industrial index was knocked back several points.

The sell-off was not heavy, however, and with a few exceptions losses were held to a point or two. Some leading stocks won back part of the ground lost.

Ford A took top loss of \$6 to 139.

McIntyre's 2½ drop led senior mines lower. Noranda, Dome Mines, Campbell Chibouganau, and Hudson Bay each lost about a point.

Gridoil dipped 60 cents to \$8.40 among western oils.

### NEW YORK (AP)—The stock market was hit by a sharp selling flurry today and lost considerable ground.

Prices were down 1 to 4 points. At worst there were losses to 6 points in higher priced issues.

All sections of the list were depressed by the selling, with the exception of aircraft which added fractions in some instances. In the forefront were steels, motors, railroads and oils.

### Canadians stocks were lower.

International Nickel dropped 2½, Canadian Pacific, McIntyre and Hiram Walker each a point and Distillers Seagram ½.

Royalite Oil, Canadian issue on the American stock exchange, slipped ¼.

### LONDON (Reuters)—With incentive backing and sentiment influenced by a number of adverse factors, there was a general reluctance to extend commitments in the London stock market today.

There was nervousness about the imminent September gold figures. Government securities lost their better trend and prices were lower. With buyers absent, industrials drifted lower.

In Canadian stocks, International Nickel was three points lower. Oils were lower.

### Stock closings: Babcock and Wilcox 78 3/4, Canadian Pacific 59 1/4, General Electric 62 3/4, Hudson's Bay Co. 16 1/2, Imperial Tobacco 58 1/4, Metal Box 55 1/2, Eagle 22 1/2, Rand Mines 75 1/2, Bonds: British 1½ consols 156 1/4, British 3½ war loans 176 1/4, British 4½ 1960-90 190 1/4, Financial Times index of stocks: 188.8, off 2.2.

### VANCOUVER — Bethlehem Copper Corp. sold 66,500 shares for \$1.35 to \$1.40 on the announcement that the company had completed arrangements with American Smelting and Refining Co. to take over the management.

Van-Tor moved 1,000 at 96. Beaver Lodge moved 2,900 at 67. Canadian Collieries sold 40 at \$12. Jackson Basin traded 4,000 at 35. Western Potash moved 3,000 between 74 and 76. Inland Gas sold 600 at \$3.20. Growers Wine sold 100 at \$6.65.

### MONTREAL (CP) — The stock market was weak in slow trading today.

Declines were fractional in most instances though several issues fell a point or more. There were few gains posted. Base metals were hardest hit, declines ranging to three points in extremes. Softer were International Nickel, Noranda, Aluminum, Hudson Bay and Consolidated Smelters.

Great Lakes, Price, MacMillan B and Eddy A, each down a point or more, led the pulp and papers lower. Shawinigan, off 1¼, was prominent in a soft utility section. Senior oils were narrow losers. Banks, beverages and steels were steady to shaded.

### WINNIPEG (CP) — Prices moved narrowly in dull trading on the Winnipeg grain exchange today. Irregular price changes showed a tendency at times to decline.

Commercial demand was light and overseas business was limited except for a parcel lot sale of flax to the Continent. Light hedges appeared in flax and trade was local with occasional U.S. purchases.

There was no information on weekend export loadings of Canadian wheat. However, outside reports said West Germany was scheduled to buy 5,500,000 bushels of Canadian wheat Tuesday.

### CHICAGO (AP) — Grains closed weak on the board of trade today even though final prices were up a bit from the day's lows. A lack of demand was mainly responsible for the decline.

Wheat closed 1¼-2½ lower, Dec. 2.03½-2.03½, corn ¼ to 1 cent lower, Dec. 1.31½-1.31½, oats ¼-½ lower, Dec. 63½-64, rye ¼-½ higher, Dec. 1.11-1.11½, Soybeans 3 to 5¼ lower, Nov. 2.30-2.30½.

### CHICAGO (AP) — Grains closed weak on the board of trade today even though final prices were up a bit from the day's lows. A lack of demand was mainly responsible for the decline.

Wheat closed 1¼-2½ lower, Dec. 2.03½-2.03½, corn ¼ to 1 cent lower, Dec. 1.31½-1.31½, oats ¼-½ lower, Dec. 63½-64, rye ¼-½ higher, Dec. 1.11-1.11½, Soybeans 3 to 5¼ lower, Nov. 2.30-2.30½.

## Prosperity Planning Theme of Conference

By FORBES RHODES

Canadian Press Business Editor WINNIPEG (CP)—Canadian business men, meeting in what probably is Canada's greatest year of prosperity today considered ways and means of keeping the tide of good times rolling.

Gathered here from coast to coast as delegates to the 26th annual meeting of the Canadian Chamber of Commerce, they started four days of discussions which will set a pattern for business views for the coming year.

### VICTORIA DELEGATES

Representing Victoria Chamber of Commerce are G. F. Dunn, president, and Hector Crombie, secretary. They will invite the Canadian chamber to hold its annual meeting in Victoria in 1957.

Today's deliberations were in closed sessions of the big policy committee which considered recommendations developed during the last 12 months from big and small local chambers and boards of trade of 700 communities. The day's job was to put them into shape for presentation to a later general session.

Traditional chamber policy is to favor multi-lateral trade, or wider exchange of goods among the world's peoples. No real departure from this policy is expected, but the chamber may suggest that Canada examine closely just what is her position in today's trading.

On any topics the chamber's theme is "teamwork for progress" and this year's gathering aims at suggesting ways in which capital, labor, management and government may cooperate to the best advantage.

The annual dinner-Wednesday night will be addressed by James Muir, president of the Royal Bank of Canada.

The gathering is traditionally an occasion for towns and cities across the country to draw literature drawing attention to business men to the attractions of their localities.

Winnipeg's welcome, in addition to social activities, included delivery to each delegate's room of beautifully-illustrated booklets on Winnipeg and Manitoba.

### Experienced Salesman

Required by leading chain saw manufacturer. Must be familiar with logging operations on Vancouver Island and coastal areas. Excellent salary. Expenses and transportation provided. Give full details on past sales experience to Box 1977, Victoria Press. All replies strictly confidential.

### BUSINESS OPPORTUNITY

Manufacturer of quality brand food products which is the leader in its field in Canada offers franchise contract in the Victoria area. This company invites serious inquiries from responsible parties who are interested in the manufacturing and selling rights for their top quality line. Investment required about \$150,000. Please contact Mr. F. A. McHugh at the Empress Hotel on Tuesday and Wednesday, October 4 and 5.

### ANNOUNCEMENT

Effective October 1st, 1955, the Stock Brokerage business formerly conducted by the firm of THOMSON & CO. will be carried on by the same partners under the name and style of NESBITT, THOMSON & CO. 355 St. James Street West, Montreal.

### WOOD, GUNDY & COMPANY

## Commission to Rule On Canada Gas Issue

WASHINGTON (AP)—With potential investments of more than a billion dollars riding on the outcome, opposing counsel are shaping their answers to the question: Should natural gas service in the western United States be expanded through importation of Canadian gas?

The final answer will come from the federal power commission, applicants hope, before Dec. 1—the date Canadian supply contracts expire. Re-negotiations could result in higher prices for the American consumer.

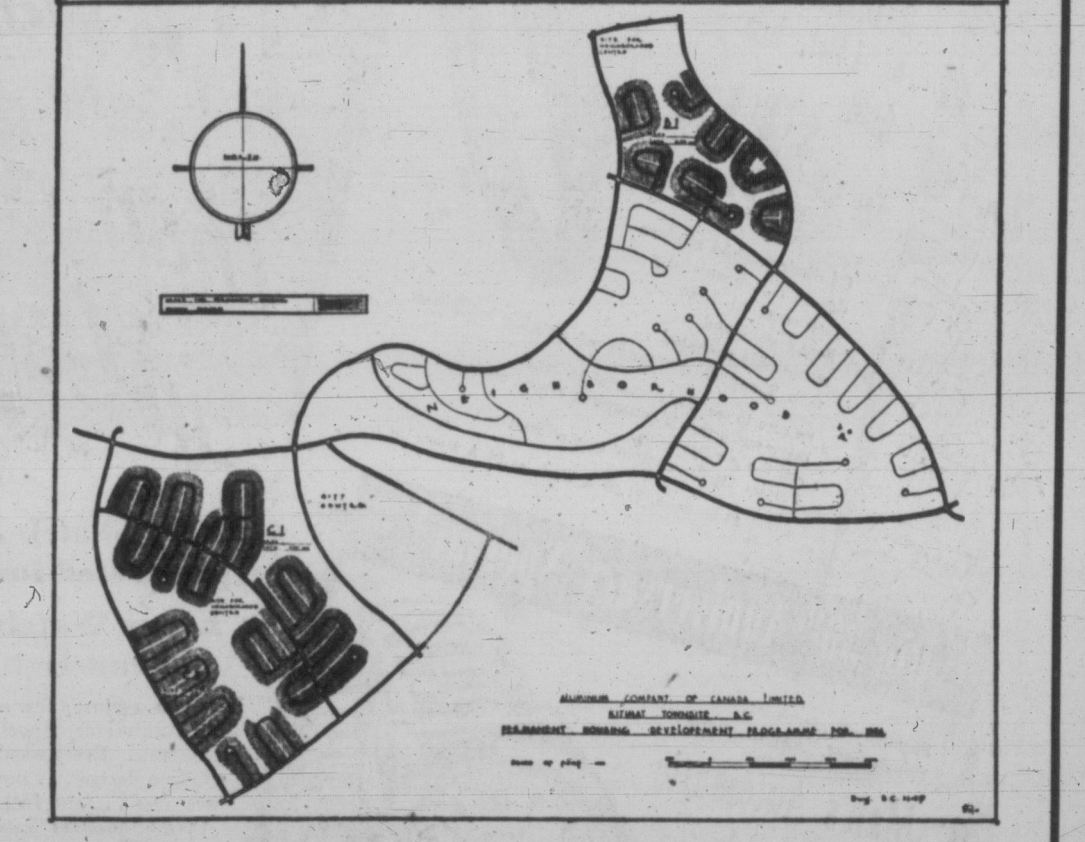

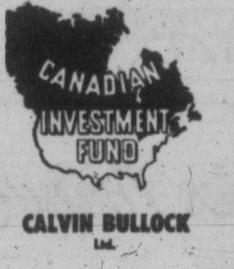

In the meantime, more than a score of lawyers for applicants interested companies and a dozen cities must file briefs by Oct. 14, with opponents having until Oct. 26 to answer.

The case, in which final testi-

## Equipment Sent To Soviet Bloc

LONDON (UP)—An authoritative foreign affairs magazine estimated that Communist East Germany is currently supplying \$1,000,000 worth of industrial equipment to the Soviet bloc each year.

The Canadian House of Commons, published by the Royal Institute of International Affairs, said this important contribution to the Soviet potential was a big factor in Russia's opposition to German unification.

## ANNOUNCEMENT — ALUMINUM COMPANY OF CANADA, LIMITED — SEPTEMBER 27, 1955

The Aluminum Company of Canada, Limited announced today that land will be available in 1956 for construction of some 600 permanent housing units by individuals and builders interested in building reasonably priced houses at Kitimat. The sites will be in Areas C-1 and B-1, which are currently being cleared and will be serviced early in 1956. Lots will be available for row and apartment houses as well as single and semi-detached housing units. Prices will range from a low of \$500 per unit for apartment sites to a high of \$1,200 per unit for single houses.

Individuals wishing to build a house for their own occupancy should submit applications to the Property Department, Kitimat, at an early date.

Builders wishing to build housing units for sale or for rent should submit applications to the Manager, Kitimat Real Estate Development, Vancouver, before 12.00 noon, November 15th, 1955. Such applications must be accompanied by plans (scale 1/4"=1' or 1/8"=1') and outline specifications of the various types of housing units contemplated; typical site layouts showing street arrangements at a scale of 1"=50.0'; and confirmation by a lending institution or bank of availability of National Housing Act Home Owner or Defense Worker loans, together with amount of the lending value and loan approved for each unit. End sale prices of housing units should not exceed 120% of the lending value or \$14,000, whichever is the lesser. Rentals should not exceed \$80.00 for an unserviced two-bedroom unit. Plans and specifications for housing must conform to both the C.M.H.C. minimum standards and the regulations and by-laws of the Corporation of the District of Kitimat.

Builders' proposals will be limited to fifty units of each type and not more than one-quarter of any project may be of the same type. Consideration will be given only to units designed for local conditions and will favour units that incorporate amenities such as covered play spaces, carports, garages, adequate inside and outside storage, etc. and layouts that take full advantage of their orientation and relationship to the parkways.

Further details may be obtained by writing to or calling at the Kitimat Real Estate Development Office, 654 Burrard Street, Vancouver, B.C.

### French-Canada Honors Princess

Princess Royal was in Montreal today after a three-day visit to Quebec and a sampling of French-Canadian hospitality. Saturday the University of Laval conferred an honorary doctorate of laws degree on the Princess. The aunt of Queen Elizabeth is shown being welcomed to Canada by Governor-General Massey on her arrival at Quebec. Her uniformed aide is at left. Princess Royal will arrive in Victoria Oct. 15 for a six-day visit.

### ATHA-B GROUNDS BRIEFLY

## War Games Impress Big Vancouver Crowd

VANCOUVER (CP)—The destroyer HMCS Athabaskan went aground off smoke-shrouded Spanish Banks here Saturday while thousands watched from shore. But Exercise "Sea Serpent" was still a startling demonstration of co-operation and timing as Canada's three services combined for a mock raid on a city beach.

Navy authorities said the destroyer touched bottom only for a few minutes.

The Athabaskan, captained by Lieut.-Cmdr Charles E. Richardson, was refloated a short time later with the help of tide and tug. With her sister ship, HMCS Cayuga, she landed troops during the hour-long exercise.

Two men were slightly injured in the exercise, one suffering a small burn and, the other minor injuries from a piece of blank ammunition.

Exercise "Sea Serpent," involving 1,000 men from the navy, air force and army, was the most spectacular and realistic public demonstration here since the Second World War.

Brig. George Kitching, B.C. area commander, said the demonstration, in part, was to show people just what "an unpleasant business war can be."

### False Teeth Often Have a Certain Odor!

Soak your plates in Polident daily to avoid "Denture Breath."

Polident is the specially designed cleanser that keeps false teeth—and breath—clean and fresh always. Follow these simple rules:

1. Never use a brush on them! Your denture plates are much softer than natural teeth. Brushing wears down fitting ridges so they get loose.
2. Never use soap or toothpaste! They can leave film which collects bacteria and food particles, a major cause of offensive "Denture Breath."
3. Use a soaking-type cleanser made for false teeth only... Polident! Polident is the denture cleanser recommended by more dentists than any other.

No brushing, no handling of soapy plates that can slip and break. Polident gets where a brush can't reach. Best of all, Polident always leaves false teeth odor free. Get the world's largest selling denture cleanser, Polident, at your drug counter.

## Spotlight on Quality

Serve this fine Scotch to your guests and see how they appreciate its smooth mellow flavor and extra quality. Blended in the special "Black & White" way it brings you all the virtues of the pick of Scotland's whiskies.

BUCHANAN'S  
**'BLACK & WHITE'**  
SCOTCH WHISKY

## RUSSIAN PRELATES COMING TO CANADA

CALGARY, Alta. (BUP)—Officials of the Russian orthodox church will visit North America in November for the first time in more than a quarter of a century, it was announced today.

Archbishop Nikolai, metropolitan of Moscow, will be accompanied here by Archbishop Paladeus and two secretaries. They will be guests of the United Church of Canada. The invitation to send representatives to visit Canada was made by the executive of the United Church's general council last May.

## Swedes Switch to Beer — Everyone's Happy

By TOM MASTERSON

STOCKHOLM (AP)—Sweden's reputation as a hard-drinking nation went overboard in one Saturday night—the first time it was put to a real test in 36 years.

The orgy of whisky swilling forecast for the end of liquor rationing Saturday failed to come off. Instead, the Swedes guzzled oceans of strong beer all Saturday night and into the wee hours of Sunday. With the switch from hard liquor to beer drinking, the Swedes spent one of their soberest and quietest week-ends since liquor rationing was imposed in 1913.

Bewildered police said "not one single case of wife-beating by drunken husbands was reported in Stockholm. This was most unusual for a Saturday night."

"It was as quiet here as in a church," said the chief of the Katarina police station, "normally full of drunks on a Sunday morning. Only 12 persons were arrested the whole week-end. Three or four times that number was usual for a Saturday night."

**Heart Attack Kills Heir to Tunis Throne**

TUNIS, North Africa (Reuters)—The heir presumptive to the throne of Tunis, Prince Sadok Bey du Camp, died of a heart attack Saturday night.

Prince Sadok, who was 72, was strongly pro-French and an opponent of the Neo-Destour Tunisian nationalist movement.

Victoria Daily Times  
MONDAY, OCT. 3, 1955

**EGG-BARREN**—Long vigil for Alan Best, curator of Vancouver's Stanley Park zoo, has ended, and Matilda, a king penguin of undetermined sex, is just another penguin. Matilda became a celebrity overnight when the bird was discovered incubating an egg. That was two months ago. For 61 days Matilda nursed the egg, but it failed to hatch.

The egg is now on its way to the University of British Columbia zoology department for analysis.

## 'Ample Evidence' Salk Shots Protected 49,000 B.C. Children

VANCOUVER (CP)—Dr. George F. Elliot, assistant provincial health officer, said here Saturday there was "ample evidence" that Salk vaccine protected 49,000 children throughout B.C. from polio.

Dr. Elliot revealed figures on the local success of vaccine as the U.S. department of welfare in Washington said preliminary reports about the countrywide vaccine program "are very encouraging."

In Vancouver, Dr. Elliot revealed for the first time figures from 17 of the province's 18 health units. Of those children given three shots of the vaccine in May and June, there have been no cases of polio.

Other figures showed there were 15 outbreaks of polio among 63,200 children not vaccinated.

"There is ample evidence," Dr. Elliot said, "that Salk vaccine gave the protection expected."

## ARTHRITIS—RHEUMATISM VITAL FACTS EXPLAINED

**FREE BOOK TO ALL READERS OF THIS NEWSPAPER**

Excelsior Springs, Mo. . . . SPECIAL... Available statistics disclose that thousands of sufferers of Arthritis, Rheumatism and Associated Chronic Conditions have been successfully treated by non-medical, non-surgical methods.

So that you, too, have have this knowledge, a highly illustrated 44-page book is available WITHOUT COST as a public service to all readers of this paper. It fully explains the causes of these crippling conditions and describes a drugless method of healing which has been applied for more than thirty-five years.

This amazing book will open a new avenue of hope for thousands who had despaired of ever again leading normal lives. Send for your FREE COPY today. No obligation. Address THE BALL CLINIC, Dept. 5228, Excelsior Springs, Mo.

## "Save-Your-Hair Day" Set For Tomorrow

### Scalp Specialist Here To Demonstrate New Home Treatment

Now is the time to carry out that long delayed resolution to "do something about your hair."

For tomorrow and Wednesday, October 4th and 5th are "Save-Your-Hair Days" in Victoria. The event is sponsored by Lee Hair and Scalp Specialists, largest organization of its kind in the dominion. They have sent staff trichologist Ralph Locklin here to personally examine hair-worried men and women from 1 p.m. to 9 p.m., Friday at the Hotel Sussex.

The Lee program for preventing baldness by some treatment is explained by director F. E. Lee this way:

"Almost two million Canadian men are already bald or soon will be. How many women are bald, no one can estimate. Certainly all of these men and women regret their condition."

**Can Prevent Baldness**

"The shocking truth is that most of these bald people need not have lost their hair. Although baldness can not be 'cured,' it can most certainly be prevented. Our Lee trichologists have developed methods of self-administered home treatment that are successful 95% of the time."

This dynamic young hair expert, whose home offices are in Montreal and Vancouver, has personally worked on the hair problems of thousands of men for 19 years. But he still can't understand why almost every man postpones getting specialized help for his hair.

### Don't Put It Off

"Your hair is in better condition today than it will be next month or even next week," declares Lee. "That's why we urge you to see the Lee trichologist before further damage is done. Find out tomorrow about our new home treatment methods for saving your hair."

"Then you won't wake up a few years from now to find yourself bald — and painfully aware that you need not have been."

**Free Examination**

Lee emphasized that his treatment is neither "mail-order" nor "cure-all." Different scalp conditions require different procedures. "For that reason," he said, "we do not ever recommend a treatment without first making a personal scalp examination."

"For the same reason, we have one of our experts recheck your hair and scalp condition at regular intervals."

**F. E. Lee, sponsor of "Save-Your-Hair Day,"** has worked with thousands of hair-worried men during 19 years.

Here's how to get your free scalp examination on "Save-Your-Hair Day":

Call the Hotel Sussex tomorrow or Wednesday and ask for the suite number of trichologist Ralph Locklin, of Lee Hair and Scalp Specialists. Then visit him any time between 1 and 9 p.m. No appointment is necessary.

**Written Guarantee**

If your condition is hopeless, he'll tell you so frankly. He does not accept cases involving systemic or organic disease. Such cases should be treated by a physician.

Otherwise, he'll tell you what's wrong with your hair and scalp, what you can and should do about it, how little of your time and money will be required to put your scalp in condition to grow healthy hair again.

If you don't get results within 30 days, your money will be refunded. You're protected by a written guarantee.

FOR BALDING HEADS LIKE THESE, a "Save-Your-Hair Day" has been announced. As long as you have some hair, trichologist F. E. Lee says you have an excellent chance to grow thicker hair by new methods of home treatment.

## What Causes Baldness?

How many times have you heard men attempt to explain their loss of hair with one of these remarks:

"Oh, baldness runs in my family, so I just have to accept it." . . . or "Well, it's natural for a man to lose his hair as he gets along in years" . . . or "If you're going to be bald, you're going to be bald, and there's nothing you can do about it."

So many men have said such things for so many hundreds of years, these old ideas are still widely believed. But they are not supported by modern knowledge.

True, some few men do inherit a scalp structure that may predispose to early baldness. But any such tendency can be overcome by proper hair care.

As for the excuse of age, it is established now that men's hair naturally grows fastest in the years from 35 to 65. And certainly much can be done to stop hair loss, as the careful records kept by Lee Hair and Scalp Specialists prove.

"Actually, the two most common causes of baldness," says hair expert F. E. Lee, "are neglect and mistreatment of the hair."

**Don't Resign Yourself**

"Most men just don't take care of their hair. Consequently, they don't get very far along in life without hair trouble. They become 'balding' . . . then just plain bald. And usually do nothing about it except perhaps experiment with some hair 'tonics' and cure-alls."

This famous authority urges that you do not resign yourself to baldness unless you are already bald.

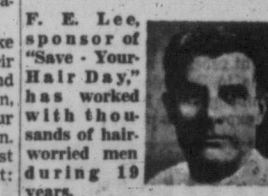

Get expert help for your hair—Lee Hair and Scalp Specialists help. Go in and talk with the Lee expert tomorrow during "Save-Your-Hair Day."

As a feature of "Save-Your-Hair Day" Lee Hair and Scalp Specialists offer a free consultation service.

All you have to do is take your questions in person to their suite in the Hotel Sussex and let trichologist Ralph Locklin, the Lee expert, give you a complete examination. These are the questions most people want information about:

1. How often should you wash your hair?  
2. Which kind of shampoo is best for you?  
3. Is brushing necessary?  
4. What about dry or oily scalp?  
5. Are "tonics" helpful?  
6. When is dandruff dangerous to hair growth?  
7. Can your hair be thickened?  
8. What are home treatments like?

Take this list with you tomorrow to see Lee Hair and Scalp Specialists.

Here's how to get your free scalp examination on "Save-Your-Hair Day":

Call the Hotel Sussex tomorrow or Wednesday and ask for the suite number of trichologist Ralph Locklin, of Lee Hair and Scalp Specialists. Then visit him any time between 1 and 9 p.m. No appointment is necessary.

**Written Guarantee**

If your condition is hopeless, he'll tell you so frankly. He does not accept cases involving systemic or organic disease. Such cases should be treated by a physician.

Otherwise, he'll tell you what's wrong with your hair and scalp, what you can and should do about it, how little of your time and money will be required to put your scalp in condition to grow healthy hair again.

If you don't get results within 30 days, your money will be refunded. You're protected by a written guarantee.

# World Series Notes

By ED CORRIGAN  
BROOKLYN (AP)—What's all this talk about the Ebbs Field handbox?

Yogi Berra's long single against the right field scoreboard in Sunday's game would have been a home run in Yankee Stadium. It hit near the 319-foot sign.

Yank manager Casey Stengel sent first baseman Joe Collins to right field, indicating Bob Cerv still was in the doghouse for striking out three times Friday.

But the big boy came out with a loud bark in the seventh when he smote one of Roger Craig's offerings into the left field seats while pinch-hitting for Bob Grim.

Duke Snider revealed that when he came to bat in the seventh inning after hitting two home runs, he said to Berra, the Yank catcher:

"Boy, Yogi, it's tough to follow the ball with all those people in white shirts in centre field."

"Yeah, it must have been," said Yogi. "What would happen if you could follow it?"

Stengel saw some of his strategy backfire in the second inning. He usually sends Eddie Robinson up to bat for Phil Rizzuto with men on base.

With two on in the second, he permitted Rizzuto to bat because Robinson was playing and he didn't have another pinch-hitter he could spare. Phil popped out to Gil Hodges to end it.

Before the game Stengel sat in the dugout and expounded: "Pitching has been our trouble, and we'd better start hitting the long ball. We used to hit home runs at Ebbets Field, but we don't now."

Cerv and Berra came through, but at the wrong times. No one was on base. The Yanks have been leaving too many runners stranded.

Some happy fellow—a Dodger fan, no doubt—threw coins out of a window in the Astor Hotel for half an hour Sunday night.

A crowd gathered in Times Square below and soon caused a traffic jam.

Dimes, quarters and half-dollars rained down from a high window.

Police and hotel employees couldn't locate the joker.

Young Johnny Kucks said he "froze" temporarily when he failed to cover first base Saturday in the fifth inning on Pee-wee Reese's hot infield hit, and the blunder probably cost New York Yankees the fourth world series game, won by Brooklyn Dodgers 8-5.

"If Reese is out we planned to walk Duke Snider, the next man up," said manager Casey Stengel. "As it was, we had to pitch to him and so they get three runs."

## Clarke Scores Second Dodo

Playing in a team match with Nanaimo, J. R. Clarke of Victoria scored his second ace of his golfing career Sunday at Gorge Vale Golf Club, sinking his tee shot on the 145-yard 14th hole. He used a seven-iron.

Playing in the foursome were Joe Pryke, Gorge Vale professional, Mike Rivers, Nanaimo professional and H. Gallus.

## Johnny Bright Hurt

EDMONTON (CP)—Fullback Johnny Bright, one of the top ground gainers in the Western Interprovincial Football Union will not play for Edmonton Eskimos against Regina Roughriders tonight.

An Eskimo spokesman said Bright received a badly sprained ankle in Saturday's game with Winnipeg Blue Bombers and is not expected to play for 10 days.

## Pee Wee Puts Skids on Yogi

Brooklyn Dodger shortstop Pee Wee Reese waits for the ball and lunges for second base as New York Yankees' Yogi Berra (8) prepares to slide. Reese made it to the bag first to put the force on Yogi and nip a promising Yankee rally. Berra, however,

picked up two hits in four tries and scored two runs Sunday as the Yankees went down to the Dodgers, 5-3, in the fifth game of the World Series at Ebbets Field. Brooklyn took the lead in the best-of-seven series, three games to two.

## Bays Blank Dockers; Heaneys Trim Wests

### SCORE, VIRDON NAMED MAJORS' TOP ROOKIES

ST. LOUIS—Herb Score, southpaw strikeout specialist of the Cleveland Indians, and Bill Virdon, bespectacled outfielder of the St. Louis Cardinals, Saturday were named as the major leagues' rookies of the year in a poll of sports writers conducted by The Sporting News.

The national baseball weekly reported that Score received the votes of 71 of 103 writers in the American League while Virdon was favored in the National League on 57 of 92 ballots.

The 22-year-old Score set a new strikeout record for a rookie with 244 this season to top the old mark of 227 set by Grover Cleveland Alexander in 1911. He had a 16-10 record. Virdon, 24, had a .281-batting average with 18 doubles, six triples and 17 homers. He drove in 69 runs.

## Venture, Royal Roads Win Junior Openers

Both service teams in the Victoria Junior Football League came through with opening-day victories Sunday but they may find things tougher this year.

Last year's champion HMCS Venture was forced to come from behind with two opportunistic touchdowns in the last quarter to whip a spirited Oak Bay team, 14-6, while Royal Roads, with a four-touchdown performance from Ron Binnie, made the most of its first-half advantages to smother Vampires, 42-1.

In last year's top-sided league, the service clubs made a habit of smearing the civilian teams with regularity.

"The hard-tackling Oak Bay team held a 6-2 lead over Ventures going into the fourth quarter but their own mistakes, plus sensational running and passing by Venture's Gary Logan, gave the cadets the nod.

### 2-0 AT HALF

Venture picked up two single points to lead 2-0 at half-time. Bays' Norm Dixon was unable to get a second-quarter punt away and was tackled on his own five. The Oak Bay line held Venture for three plays but on the third crack Logan fumbled and an Oak Bay player recovered in his end zone, giving Venture a point. Bill Richardson was rouged after taking a Logan punt in his end zone.

Venture was penalized 130 yards in the first half to stall their attack.

Quarterback Willie Dawson sped to the big play that put Drakes ahead in the third quarter. He moved up from his secondary position, intercepted a Venture pichout and scampered 70 yards down the side-line for the touchdown which Stew Smith converted, putting Oak Bay ahead, 6-2.

Venture struck back early in the fourth quarter, Logan

### pitcing to Jim Davis for the first of two touchdowns.

The convert was blocked. Shortly after Smith had barely missed with a 35-yard field goal bid.

Venture picked up another single point on a rouge. With less than five minutes left, Venture blocked an Oak Bay kick and Logan fired a bullet pass to Davis in the end zone. Chuck Thomas converted.

### EARLY DOMINATION

Royal Roads had it all their own way in the first half as they piled up a 32-0 lead. However, the Vampires came to life in the second half and carried most of the play in the last quarter.

Quarterback Binnie picked up his four majors on short blasts through the line and converted two. Other majors were scored by Archie Sangster and Paul Manson.

Jim Wilson and Gerry Burton carried the running load for Vampires while Fred Bissett did some hefty kicking for the city team.

### Lombardo's Tempo Sets New Record

ELIZABETH CITY, N.C. (BP)—Band leader Guy Lombardo's Tempo VII established a new course record in the final elimination heat, and then went on to win the finals of the International Cup Regatta here Sunday.

The big unlimited hydroplane sped to an easy victory in the main event, averaging 98.726 miles an hour, when its strong, fast motor, Miss United, was forced to miss out due to motor trouble.

In the final elimination heat, Tempo VII had set a new course record of 104x775 m.p.h. over the 15 mile course on the Pasquotank River.

### Curling Club Meets

Victoria Curling Club will hold a meeting for members to night at 8 at the clubrooms.

Purpose of the meeting is to give members a chance to enter rinks for the coming season's draws, and to set up club rules.

#### NEAL BIG WINNER

K. Neal, with a 12-pound, 12-ounce catch, took first place and the \$100 prize in the annual Victoria-Saanich Inlet Anglers Association Cerebral Palsy Coho Derby in Saanich Inlet over the week-end. Second was Jack Stringer, who won \$50 with a 12-pound, three-ounce fish.

Over 500 anglers took part in the two-day derby, with a total of \$1,200 being realized for the fund. Thirty-five fish were weighed in at the Brentwood station, with nine each at the Deep Cove and Goldstream stations.

Full list of prize winners, weights and prizes, follows:

Arthur Ruthford, 10 pounds, 12 ounces, coffee table; S. R. Roskelly, 10 pounds, eight ounces, mantel radio; J. Wright, nine pounds, 12 ounces, 20-piece breakfast set; D. J. Daker, nine pounds, three ounces, cane rod and reel; A. Holland, eight pounds, 13 ounces, fishing tackle box.

#### Andy Scores Goal As Rangers Win

PRINCE ALBERT, Sask. (CP)—Left-winger Ron Murphy scored three goals here Saturday night as New York Rangers of the National Hockey League defeated Saskatoon Quakers of the Western Hockey League 8-1 in an exhibition game.

Defenceman Harry Howell scored two goals for the Rangers and Andy Heberton, Dean Prentice and Wally Hergeshimer had one goal apiece.

#### Curling Club Meets

Victoria Curling Club will hold a meeting for members to night at 8 at the clubrooms.

Purpose of the meeting is to give members a chance to enter rinks for the coming season's draws, and to set up club rules.

# Center-Ball Plagues Yanks As Dodgers Move Into Lead

## Snider Belts Two More; Craig Surprise Winner.

By JOE REICHLER

NEW YORK (AP)—Brooklyn Dodgers' first world baseball championship appeared within sight today.

The jubilant National League went out to apply the crusher on New York Yankees after bouncing back from the brink of elimination with three successive world series wins over their arch tormentors.

Sunday's 5-3 win, following an 8-5 victory Saturday, gave Dodgers the lead for the first time in the best-of-seven series—three games to two—as the teams returned to the wide open spaces of Yankee Stadium.

Dodgers dropped the first two games in the stadium but from manager Walt Alston down, the Brooks believe they can win at least one there.

### Brooks Prime Favorites Now

Although Yankees were 6-to-5 favorites to win today's game, the odds-makers, for the first time, made Dodgers the choice to win the series...a standpoint 13-to-5.

Dodgers led after five games in 1952 yet dropped the series to Yankees. But as Alston said when reminded of that time: "This is a different year and a different Dodger team."

Hank Bauer was expected to start in right field for the Yankees, game leg and all. If the left-handed Spooner pitches, Bob Cerv will play centre and Elston Howard left.

Never before had a Brooklyn team won three in a row over the American Leaguers and never has a team lost the first two games and come back to take the title inside seven games.

Sunday's victory was by far the sweetest for Alston. He gambled and won with a surprise starter in Roger Craig, a 24-year-old who only a year ago was pitching in the Class B Piedmont League. The bony six-foot-four right-hander, who pitched only 91 major league innings since his promotion from Montreal Royals of the International League in mid-season, upheld Alston's judgment.

The kid didn't last but he yielded only four hits and two runs before he was yanked in the seventh.

Alston excused him after he had walked Howard following a home run by pinchhitter Bob Cerv that cut Dodgers' lead to 4-2. Clem Labine, Saturday's winner, then stalked in from the bullpen for his fourth appearance in the series and threw a double-play ball to Irv Noren.

Labine pitched almost perfect ball from then on, except for a home run by Yogi Berra and a single by Eddie Robinson in the eighth.

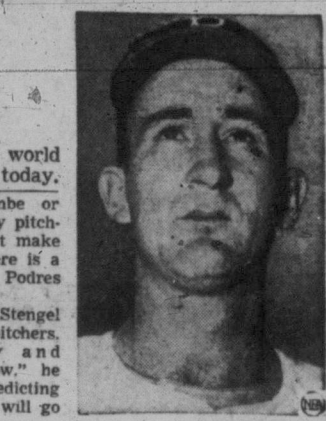

### Duke's Blast Irks Stengel

Once again, it was the home-run ball that ruined Yankees. Bob Grim, the Yankee starter and loser, had good stuff but it looked especially good to Duke Snider and Amoros. Snider whacked two bases-empty homers and Amoros contributed a two-run blast that got Dodgers off and running in the second inning.

Snider's homers—his third and fourth of the series—were especially irksome to Stengel and Case also admitted he was stunned at losing three games in Ebbets Field.

"We should have won here," he said. "We won here before and we have only ourselves to blame."

Snider's second homer piled up a set of records for series slugging. It was his fourth in the present series, the second

ROGER CRAIG... wins go-ahead game

## Greenkeepers Slate Tourney

Draw and starting times for the annual Greenkeepers Golf Tournament to be played at Gorge Vale Golf Club, Tuesday, follows:

11:30—L. Barnes (Cedar Hill), N. B. Davis (Oak Bay), T. Thompson (Oak Bay), 11:37—C. Carnegie (unattached), A. C. Smith (Oak Bay), H. Young (unattached), 11:44—R. Bees (Oak Bay), D. Purinton (Oak Bay), T. Thompson (Oak Bay), 11:51—W. Barnes (Cedar Hill), A. W. Hudson (Oak Bay), C. Smith (Gorge Vale), 11:58—C. Barwick (Royal Colwood), V. Baird (Oak Bay), J. Woods (Gorge Vale), 12:05—W. Armstrong (Cowichan), A. Rankin (Oak Bay), R. Turner (Oak Bay), runner-up.

# WORLD SERIES PLAY BY PLAY—FIFTH GAME

### YANKS—FIRST

Howard went down swinging on a 3-2 pitch.

Noren punted Reese to short left.

Reese fumbled McDougal's grounder to the left of second base and Oll was safe on the error.

Hodges charged in for Berra's relief and tagged him on the base line.

No runs, no hits, one error, one left.

### DODGERS—FIRST

E. Robinson grabbed up Gilliam's slow roller and stepped on first base for the unassisted putout.

Reese walked.

Snider forced Reese, Martin to Russell, who had jumped high to avoid the sliding Reese, and was unable to make the throw to first in a double play attempt.

Campanella was called out on strikes, watching three straight strikes slip over the plate from a 3-0 count.

No runs, no hits, no errors, one left.

### YANKS—SECOND

Collins walked on a full count.

E. Robinson also walked on a 3-2 pitch.

Martin hit back to the mound and was thrown out by Craig, the runners advancing.

Rizzuto swung at the first pitch and raised a soft pop foul to Hodges halfway down the first base line.

J. Robinson broke to his left for Grim's slow bouncer and threw him out.

No runs, no hits, no errors, two left.

### DODGERS—SECOND

Purtillo lined to McDougal.

Hodges drilled a single past McDougal into left field. It was the first hit of the game.

### YANKS—THIRD

Howard struck out swinging for the second time.

Noren went out on a soft liner to Amoros.

## First Times Handicap Winner Decorated

Mrs. Stuart Keate, wife of the publisher of the Victoria Times, decorates jockey Jimmy Sivewright and mount Cocos after the running of the Times Handicap at Sandown Park Saturday afternoon. Sivewright booted home

long-shot Cocos ahead of the field in the featured seventh race to win \$1,000 for the Golden Green Stable, owner of the thoroughbred. Favorite Magic Note and highly-regarded Rennerb finished out of the money

## Golden Green's Cocos Wins Times Handicap

By CENTAUR

Top weight of 125 pounds and a gruelling battle to hold the lead from Rennerb for the first three-quarters of the mile proved too much for Magic Note Saturday. She faded in the stretch in the day's featured race at Sandown Park. The Times handicap for a purse of \$1,000 as the Golden Green Stable's entry of Cocos and Lucy's Doll took over to finish in that order.

Dead last for over half the distance, the route-running Di-mitri put on a "Bannister kick" to take over the third spot from the tiring "Queen of the B.C. Turf", Rennerb who had also

## ED STANKY TO PILOT MINNEAPOLIS

NEW YORK (UP)—Scrap- py Eddie Stanky, fired last season as manager of the St. Louis Cardinals, was named today by the New York Giants to succeed Bill Rigney as manager of their Minneapolis farm club.

Stanky left the Giants' organization after the 1951 season to manage the Cards. He served there until May 28 of the 1955 season, when he was fired and replaced by Harry (The Hat) Walker.

"My happiest years in the majors were spent with the Giants," Stanky said. "I had given some thought to accepting a coaching position in the majors, but I was convinced by the Giants management that I should accept this opportunity."

INTERMEDIATE STANDINGS  
Oak Bay Drakes 2 0 1 22 6 4  
Navy 1 2 0 8 26 2

## Large Crowd Jams Grandstand

With the weather improved, a crowd of over 5,000 jammed the grandstand and rails to see another exciting day's races which were won by four favorites: four near-outsiders taking the others and posting double figures on the odds board.

A second feature of the day, described as a claiming handicap at a mile and 5/16ths, saw the nearest thing to an easy win, Cyclone, ridden by jockey Jimmy Sivewright—who rode three winners, including Cocos—lay off the pace and caught the front running Beyond Reach going around the last bend. Packing his 121 pounds

## Records Set in Abundance

Under an energetic ride by Jimmy Patton, Miss Security, a newcomer, to B.C. was a fairly easy winner of the third. She was well backed, though, and as

## Benning Cup Draw Set

Following is the draw for the first medal round of the Benning Cup full handicap golf competition at Victoria Golf Club Tuesday, with a second and final round to be played Oct. 11:

10-00—Miss J. Forti and Mrs. D. Mc-  
Coll  
10-05—Mrs. C. McRae and Mrs. B. Kere  
10-10—Mrs. W. A. R. Hadley and Mrs. E. Gillespie  
10-15—Mrs. J. H. Proctor and Mrs. B. Kere  
10-20—Miss J. Warter and Mrs. A. B. Gillespie  
10-25—Mrs. J. D. Munro and Mrs. G. Wheaton  
10-30—Mrs. S. A. Haynes and Mrs. R. Wilson

## Gordie Pennell Quits Buffalo

BUFFALO, N.Y. (UP)—Gordie Pennell, a Buffalo center for six seasons, returned to his Winnipeg home today after requesting the local American Hockey League club to trade or sell him to a WHL team. Pennell, who has played with Buffalo his entire pro career, said that personal matters made it necessary for him to remain closer to his home. The lanky playmaker broke in with Buffalo during the 1949-50 campaign at the age of 19. He joined the Bisons fresh from the Barrie junior club along with Paul Meger, Sid McNabney, Don Ashbee and Ray Gariepy.

## Wings Edge All-Stars As Riebel Scores Two

DETROIT (CP)—Detroit Red Wings, looking just as powerful as last season, defeated the National Hockey League's All-Stars 3-1 Sunday night in the ninth annual all-star game.

## Tars Maul Vampires; Nearing League Lead

Navy steamed into undisputed possession of second place in the Victoria Intermediate Canadian Football League Saturday at Macdonald Park by overwhelming Vampires, 42-0.

It was the greatest scoring display yet shown in the young season, and moved Navy to within two points of first-place Oak Bay Drakes.

Steadily improving under the coaching of Frank Hindle, the sailors struck early Saturday, and grabbed a 15-0 first-quarter lead. They added majors in each of the second and third quarters, and finished with a three-touchdown scoring spurge in the final period.

Navy had a 5-0 lead in the first quarter before the fans stopped filling through the gate. Gaining possession on the Vampire 28 after a short punt by the Vamps, Bill Schick rammed through left tackle on the next play to score. Convert was missed.

**FIRST OF THREE**  
George Stephens, Navy stand-out during the game, fell on a Vampire fumble behind the goal line for the first of his three touchdowns, and a 10-0 lead for the tars. Another Vampire short kick led to Navy's third touchdown late in the quarter. Navy took the ball on the losers' 30, and three plays later Schick went through left tackle again for the major.

Quarterback Archie Langston then fired two touchdowns passes to Ron Young, in the second and third quarters, to give Navy a 25-0 bulge entering the final period. Stephens then came through with two

## Ohio State Upset by Stanford

By ED WILKS

NEW YORK (AP)—Ohio State, ranked the No. 1 team in the country in 1954, was tumbled for a 6-0 upset by Stanford Saturday for the biggest surprise to date of the 1955 U.S. college football season.

Michigan barely escaped the same fate at the hands of Michigan State, but Georgia Tech, Notre Dame, Oklahoma and Army rolled along impressively.

Maryland's Terrapins, No. 1 in The Associated Press poll, invaded Texas and roared to a 20-6 victory over Baylor's ambitious Bears at Waco. Stocky Frank Tamburello sparked the victors by passing for two touchdowns.

Stanford Indians scored in the first period with a 72-yard drive the first time they got the ball. Then they made it stand up, holding Howard Hopalong Cassidy, the big man in eighth-ranked Ohio's offense to 37 yards.

## NOTRE DAME WINS

A blocked punt and two bristling stands on their own three-yard line saved Michigan, ranked No. 2, in a 14-7 decision over Michigan State in an important Big Ten Conference game. Second-string tackle John Morrow blocked the punt on State's 21, setting up the late third period touchdown that broke a 7-7 tie.

## Lions in Sticky Spot; Playoff Hopes Fading

By BILL WALKER

Empire Stadium, Vancouver—It could be that the B.C. Lions won't "come alive" in 1955 after all.

The reasons that the Lions now will be hard pressed to gain the Western Interprovincial Football Union playoffs, are three in number.

First, the Lions showed Saturday night in their 24-9 loss to Saskatchewan Roughriders that they have not yet solved their defensive weakness in the forward wall.

Secondly, Winnipeg Blue Bombers, in blanking Edmonton Eskimos, 12-0, have moved into a point tie with the Lions for third place, and the manner in which they have been playing lately suggests they must rate more of a threat than do the Lions out of the third playoff position.

Thirdly, the Calgary Stam-

peders, whom the Lions meet tonight, will, for the first time this year, have all of their American imports in uniform, while the Lions may be short two of their shining lights of the past.

### ARNIE INJURED

Tackle Arnie Weinmeister missed Saturday's contest because of a pinched nerve in his back. It is not known if he will be fit for tonight's game.

Al Pollard, the Lions' leading ball carrier, twice was injured Saturday, finally being escorted from the field while limping noticeably.

In Saturday's loss to Saskatchewan it was a case of too many fumbles at crucial times and a basic fundamental failure to stop the hard-running Roughriders backs that led to the Lions' downfall.

They lost the ball four times

on fumbles and the Roughriders each time took advantage to add to their point total. Meanwhile Sully Glasser, Bobby Marlowe and Ken Carpenter tore big holes in the Lions' forward wall.

Thwarted by a pass interference penalty called against them on the Lions' goal line in the first quarter the Riders struck first in second quarter on Joe Aguirre's field goal from the 10-yard line. Ron Adams of the Roughriders had set up the advance by intercepting an Arnold Galiffa pass on the Lions 45.

A fumble by Galiffa gave Saskatchewan the ball midfield minutes later. A pass interference penalty against the Lions advanced the ball to the 26, and three plays later Carpenter plunged over from the three to give the Riders a 9-0 margin.

Pollard kicked a field for the Lions from the 41-yard line before the intermission, but shortly after halftime, the turning point came on yet another fumble.

Primo Villeneuve was hit hard after an eight yard gain and the ball popped out of his hands and came to rest in the arms of the flying Adams who ran 43 yards, untouched, for the major. Aguirre converted and the Riders led 15-3.

Recovering a fumble on the B.C. five-yard line, Regina scored again through Carpenter to take a 21-3 margin. Aguirre again converting.

Galiffa then sparked the only major Lion offensive of the game as the Lions marched from their own 40 to pay dirt. Bailey going the final six yards for the major.

Aguirre kicked the final three points for the Riders late in the final period.

Lions moved well enough on the ground with Pollard and Bailey going yeomen service in their own half of the field, but their attack bogged down when in Rider territory. Riders, on the other hand, missed few opportunities, and outtraded the Lions 280 yards to 241. But for Galiffa's passing the decision could have been more in Saskatchewan's favor than it was.

He completed 12 passes for 169 yards and, with Pollard, until his second injury, and Bailey, was the pick of the losers.

W L P A Pts  
Edmonton 10 1 186 97 28

ST. CATHARINE'S, Ont. (CP)—Toronto Maple Leafs of the National Hockey League Saturday night defeated the American League Cleveland Barons 4-1 in an exhibition game.

## NEW CITY SOCCER CLUB FACES PILS SATURDAY

Soccer fans will get their first look at the new Victoria City entry into the Coast Soccer League Saturday at Athletic Park when it meets Pilsener's in a benefit game for the league's insurance fund.

Pilseners were promoted to the Coast League this summer from the Vancouver and District Soccer League's first division after the old Victoria City refused to play them in a promotion-relegation series.

City is rapidly rounding into shape, and will hold practices this week on Tuesday and Thursday nights at 7 at Athletic Park in preparation for Saturday, its first start of the 1955-56 season.

## Esks Bubble Bursts; Beaten by Winnipeg

WINNIPEG (CP)—Winnipeg Blue Bombers combined a devastating ground attack with a hard-hitting line Saturday night to blank the previously unbeaten Edmonton Eskimos 12-0 in a Western Interprovincial Football Union game before 18,884 fans.

The Bomber victory—which came on Jack Jacob's night—halted the Eskimos' league winning streak at 10 games and gave the Winnipeg club a 4-7 won-lost record and a tie for third spot with B.C. Lions.

With backs Gerry James and Leo Lewis slashing through the Eskimo line for good gains, Bombers picked up 293 yards along the ground to Edmonton's 142. Winnipeg had an 18-12 edge in first downs.

Quarterback Buddy Leake and Lewis scored Bombers' touchdowns with Leake converting both. All the scoring came in the third quarter after two sustained drives from near mid-field.

## Sam Pitches Larks To Win Over Argos

By THE CANADIAN PRESS

Sam Etcheverry and Tom Dublinski, eastern football's top two quarterbacks, hooked up in a sensational passing duel Saturday as Montreal Alouettes rallied to edge Toronto Argonauts 30-28 in a thrill-packed Big Four Football Union game.

The Alouettes, rocked by Dublinski's deadly passing in the first half of the game at Toronto as the Scullers took a 22-12 lead, came to life in the last two quarters. Their hard-charging wingline rushed Dublinski off his feet and Etcheverry sparked an 18-point comeback.

Hamilton Tiger-Cats, with power to spare in the ground attack, steamed over Ottawa Rough Riders 40-0 to remain in a tie for first place with Montreal. The Argos and the Riders are tied in third place. Lou Kusserow scored two touchdowns in the one-sided game at Ottawa.

Kitchener, Waterloo Dutchmen rolled to a 29-6 victory over Toronto Balm Beach in a Senior Ontario Rugby Football Union game Sunday.

The University of Toronto and Queen's Golden Gaels romped to clean-cut triumphs Saturday in the opening games of the eastern senior intercollegiate league. The U of T Blues, defending champions, whipped University of Western Ontario at London 20-2 while Queen's handed McGill University Redmen a 30-10 lacing at Kingston.

Etcheverry fired three touchdown passes for the Alouettes; a screen pass to Jacques Belec

# WHY JOHNNY CAN'T READ

## Eyewitness Report on Phonics Shows Startling Progress Made

By RUDOLF FLESCH

This chapter consists of my eyewitness report on the teaching of reading with phonics.

In the course of my research I came across the book Reading with Phonics by Julie Hay and Charles E. Wingo. I learned that one of the authors of that book, the late Miss Hay, had been a teacher in public schools of the Argo-Summit-Bedford Park school district near Chicago; the other author, Mr. Wingo, was and is superintendent of schools in that district. All the schools in that district teach reading with phonics.

I also learned that the phonetic method developed by the late Professor Leonard Bloomfield was and is used experimentally in some Roman Catholic parochial schools in Chicago. I spent Thursday, March 25, 1954, visiting the schools in the Argo-Summit-Bedford Park district.

I first went into a first-grade classroom in the W. W. Walker School in Bedford Park. There were 23 children in that class. The teacher's name was Miss Mary Hietko.

### THEY READ THE PAPER

Miss Hietko, for my benefit, picked up a copy of that morning's Chicago Tribune and let the children read sentences from the paper. However, I wanted to make 100 per cent sure of my facts. With her permission I took the newspaper myself and began to call children at random. Here are some of the paragraphs they read for me:

"Police Commissioner O'Connor said yesterday that policemen will begin a house to house canvass tomorrow to assure that Chicago dog owners comply with the rabies quarantine imposed last December."

"The weather man is going to get up earlier, than the farmer this summer to give the farmer an up-to-the-minute report on the day's weather outlook with his breakfast."

"The first midwest postage stamp show, sponsored by the Chicago chapter of the American Stamp Dealers' Association, will be held tomorrow thru Sunday in the La Salle hotel. More than 10,000 are expected to attend. A part of the stamp collection of 'ex-King Farouk of Egypt will be exhibited."

### SOME DIFFICULTY

Of course these first-graders didn't read the newspaper items in the way an adult would. They had a good deal of difficulty. Miss Hietko had to tell them what the symbol 10,000 stood for. She had to help them over some of the harder words, and in one instance — Egypt — the child was unable to work out the right pronunciation.

But the fact is, and I testify to it, that those children read what was in the paper. They were perfectly able to pronounce words they had never seen before, according to reasonable phonetic principles.

The children in the best group started to read. I picked up the book and asked them to read a story way back which they never seen before. They started to read.

What happened then impressed me even more. These children did not go through the ritual that I had seen performed dozens of times in another school. They did not chant the words, one by one, laboriously and insecurely, in a monotonous, one-word-after-another sing-

song. Instead, they did something that I had seen done in no other classroom. They read the story! They went through the pages, at a pretty fast clip, with completely natural intonation, laughing spontaneously at one place, expressing surprise at another, following the thread of the story with animated suspense.

### IN SIXTH GRADE

I then spent some time in sixth grade.

The sixth-graders were the products of a school system that starts with first-graders like those in Miss Hietko's class. Their teacher showed me a chart with the results of a recent achievement test in all subjects.

There was quite a spread of the grade levels attained by the 21 students in the class. In the right-hand lower corner of the chart, however, was a single figure, showing the average grade level achievement of the whole class in all subjects. That figure was 7.5. These sixth-graders, by March, had reached the standard seventh-graders in other schools reach about January or February.

Then, to finish the demonstration, they read — fluently — from junior high school textbooks in science and social studies.

Later that afternoon, Mr. Wingo told me that his primer was used, of course, in all four elementary schools in the district. The results were always the same: general student achievement about one grade level above the national norm in all subjects, no "non-readers" except for children that were clearly feeble-minded.

### A LONG DRILL

Next morning, with Father Stoga, I visited St. Roman school.

St. Roman is one of eight Chicago parochial schools' run

by the community of the Sisters of St. Joseph. (In all of these eight schools the experiment with the Bloomfield system is in operation.)

I visited a first grade, a second grade, a third grade and a sixth grade. The difference between what I saw there and what I had seen the day before at Argo was striking. The atmosphere was considerably more formal; there was a good deal of old-fashioned, unashamed drill; the pace seemed 10 times slower.

In the first grade the children, one by one, went through exercises embodying the loud spelling-out of words; in the second grade they did long, patient drill work on suffixes — the kind of work that most public-school children do in fourth grade, if at all.

In the third grade Father Stoga asked to have some fourth-grade science and social studies texts brought in, and called on the children at random to read aloud.

### READ FLUENTLY

They read fluently and with full understanding. When they came across a word they hadn't seen before, they instantly and automatically read it according to phonetic rules. One such word, I remember, was the word athletics. It took that third-grade boy a little while to pronounce it right; but as soon as he did, so, he knew what he had read.

In the sixth grade we had seventh and eighth-grade textbooks brought in, which the students opened at random and read for us. One was a science text and the girl who read it stumbled over the word molecular, which of course she had never seen before. She accented it with perfect phonetic sense, on the first syllable. Later she came across the word capillaries. Without hesitation she read that unknown word off the page, pronouncing it "capillaries." Millions of sixth-graders

### SEE LOCAL TEACHERS PAGE 15

across the country would be utterly unable to read that word. Father Stoga filled me in on some details — the kind of details I was expecting by now. It is "normal" for pupils in St. Roman school (and the other schools where the Bloomfield method is used) to be one year ahead of the national norm in all subjects.

### AHEAD OF OTHERS

Here ends my eyewitness report. What does it prove? I think it proves conclusively three things:

1. If you teach reading with phonics (regardless of the particular method used), student achievement in all subjects will be, on the average, one grade higher than the national norm.
2. If you teach reading with phonics, you will have no cases of "non-readers."
3. If you teach reading with phonics, you will produce students with a habit of wide reading.

Tomorrow — Teach Him Yourself. If your child isn't learning to read as well as you think he should, you can teach him

### Bootlegger Remanded In Watch-Theft Case

VANCOUVER (CP) — John Martin, 31-year-old confessed bootlegger, was remanded until Oct. 17 for sentence when he was found guilty in County Court here Friday of having 434 stolen watches in his possession.

The watches were identified as part of the 500-watch loot stolen from Rose's Ltd., Victoria, last May.

At his trial earlier this week, Martin gave his profession as "bootlegger."

# WHY JOHNNY CAN'T READ

## Expert's Conclusions Drawn From Isolated Instances?

By LOCAL TEACHERS

It is a dangerous practice to draw conclusions from isolated cases. For example, the writer knows a little boy aged 5 years and 7 months who can read almost anything. He entertains himself by reading the jokes in the Readers' Digest. He reads the newspaper fluently. He astounds his parents and their friends by the difficulty of the material he is able to read. And he has never been to school a day in his life!

Can we therefore follow Dr. Flesch's lead, draw conclusions from this one case and say that children do not need to go to school at all in order to learn to read? Certainly not.

SEE RUDOLPH FLESCH, PAGE 14

This boy has been endowed with superior mental capacities which have enabled him to learn to read by himself. (Some authorities claim that all children with an IQ of 160 or over learn to read before going to school.)

### HOMOGENEOUS GROUPS

Dr. Flesch does not explain that the grade one class that he visited was in a school where the children were divided into homogeneous groups. This means that all the pupils in grade one had been tested and assigned to classes according to their mental abilities. The small class of 23 pupils mentioned here is undoubtedly a group of children of superior ability. If, after six months in school, they can all read material of the difficulty mentioned, regardless of the method by which they have learned to read. And don't forget that in a large school district in Chicago where homogeneous grouping certainly is practised, some of these children could perhaps have read this material before they ever came to school.

It is revealing to investigate how a brilliant child learns to read without instruction. Does he memorize all the letter sounds first and proceed from there to read anything that comes to hand? Certainly not. He sees the word STOP on a stop sign. The whole word, as a single unit, to him says STOP. He learns to read from signs he sees on the street, from the advertisements of familiar articles from hundreds of sources. He may recognize the word Chevrolet before he learns the word cat. Every new word he learns, he learns as a unit.

### HIS OWN PHONETICS?

Of course in time he recognizes the similarities in words and he works out a system of phonetic analysis for himself. And that is how we teach children to read in our schools. First they learn whole words and gradually they are taught the sounds of vowels, consonants, blends, phonograms, prefixes, suffixes and so on, to enable them to attack unknown or unfamiliar words by themselves.

In actual practice we find that those children who learn to read first require the least formal instruction in phonics. They work out their own phonics as they learn to read. The slower readers require constant drilling in phonics. Phonics instruction is not a way to teach children to read. Rather it is an aid in teaching children to read. It is only one device among many. To advocate phonics as the only method of teaching reading is putting the cart before the horse and is entirely contrary to the natural method of learning to read.

### YEAR AHEAD HERE

As for Grade VI pupils, we find that our children in Victoria average a year or more above the U.S.A. norms. We have superior readers, average readers and poor readers. While it is dangerous, we repeat, to take one class at random and

draw conclusions from what we find there, one Grade VI class in a typical Greater Victoria school might serve as an example. There are 34 pupils in the class. Some are excellent readers, the majority are average or better, a few are below average and are striving for improvement. Three are receiving instruction in a remedial class each morning before school. A record has been kept of the books that these 34 children have read since the beginning of September. The total stands at 106 books. Do not conclude that this means that each child has read three books. A few children have read as many as eight books, a few children have not yet finished their first book. You see, averages can be deceptive.

### READING SAMPLE

Thirty of the 34 children in this class have a card in the Victoria Public Library. Dr. Flesch might be interested in the title of some of the books which these children have read: Hunt—Ascent of Everest; Defoe—Robinson Crusoe; Baum—Wizard of Oz; Lambert—North for Adventure; Hayes—Treasure at York; Richmond—Red Pepper Burns; Walsh—Adventures of Marco Polo; Miller—Raiders of the Mohawk; Berton—Golden Trail; Rice—Across Canada; Hayes—A Land Divided; Haig—Brown—Silver; Wyss—Swiss Family Robinson; Hillier—Child's History of the World; Larcom—Mountain Pony; Alcott—Little Women; Hahn—Mary Queen of Scots, and many other equally worthwhile books. And it is interesting to note in passing that all this reading has

### EDITOR'S NOTE

The Victoria Daily Times publishes the serialized version of Dr. Rudolf Flesch's controversial book with comment by the Greater Victoria Teachers' Association in the expectation that it will stimulate interest in a vital educational process.

been done by these pupils despite the fact that among the 34 families represented there are 15 television sets! These little Johnnies and Marys can, and do read, and enjoy it, into the bargain.

Columbia Coast—Mission, a Red Feather agency, provides medical and dental treatment and welfare and spiritual services to isolated Vancouver Island points without medical facilities.

## Funeral Wednesday For Dr. George Hall

A private funeral service will be held at 11 a.m. Wednesday in Hayward's chapel for Dr. George W. Hall, former president of the B.C. College of Physicians and Surgeons and the B.C. Medical Association. He died in St. Joseph's Hospital Saturday, aged 73. Dr. Hall came to Victoria in 1905 and started practice with his late uncle, Dr. Frank Hall. He went overseas with the 16th Battalion in the First World War and rose to the rank of lieutenant-colonel, winning the DSO in the field. Dr. Hall was honorary member of the staffs of both the Royal Jubilee and St. Joseph's Hospitals and a consultant at the Winkinson Road mental home. He retired three years ago. Survivors include his widow, Elsa, at home, 1720 Rockland, and one brother, Magistrate Henry C. Hall.

### Mack Breaks Hip

PHILADELPHIA (AP)—Connie Mack, 92-year-old former owner of Philadelphia Athletics, suffered a fracture of the right hip Saturday in a fall from a bed while taking a nap in his Philadelphia home.

Mack's surgeon, Dr. Harlan I. Gopadze said: "Barring any complications, we look forward to his early recovery because of his good physical condition."

### 15 Regains Leadership

LONDON (AP)—Romania Sunday night announced a political shakeup restoring dictator Gheorghe Gheorghiu-Dej to direct control over the Communist party.

Radio Bucharest said Gheorghiu-Dej, 54, already premier, resumed the first secretaryship of the Communist Romanian Workers' party.

He resigned the post April 20, 1954, in a reshuffle and purge which put Romania under a Moscow-style collective leadership.

### Two Women Injured In Vancouver Attacks

VANCOUVER (CP)—Two women suffered injuries in separate attacks Sunday.

Mrs. F. Beatty, most seriously injured, was treated for internal hemorrhage and face injuries. Police said the woman would not say anything about the attack. Her home, police said, was a shambles.

Jean Bell, 29, said she was attacked in a hotel room by an American soldier. She suffered a fractured jaw.

# Victoria Symphony 'Mature, Integrated'

Composer Anniversary Tributes  
Well Received by Sunday Audience

By AUDREY S.D. JOHNSON

An audience of several hundred greeted Hans Gruber and his musicians Sunday afternoon as the Victoria Symphony Orchestra played its first concert of the 1955-56 season from the stage of the Royal Theatre.

It was a program and a performance that no music lover can afford to miss. Nor need they, for the concert will be repeated tonight at the Royal at 8.30.

Marking two musical anniversaries—the 90th birthday of Jean Sibelius and bi-centennial of the birth of Mozart—Sibelius' "Karelia" Suite and Mozart's 20th Symphony in A Major were performed, together with Dvorak's Symphony "From the New World."

It was an immensely satisfying experience to listen to music so competently presented; de-

Manitoba Plane Crash  
Kills Winnipeg Youth

WINNIPEG (CP)—A 21-year-old youth was killed and his 20-year-old cousin injured Sunday when their private plane crashed and exploded on a farm near Hazelridge, Man. —about 20 miles northeast of here.

Dead is the pilot, Ronald Ruchkall, of the Hazelridge district, who is reported to have had only 45 hours flying time. In Beausejour Hospital with concussion, head abrasions and a broken ankle suffered when thrown from the plane as it crashed is his cousin, Gordon Ruchkall, also of Hazelridge.

Fishing in Banned Area  
Costs B.C. Men \$900

QUEEN CHARLOTTE CITY (CP)—A Prince Rupert fisherman was fined \$900 and each of his four crew members \$100 when they pleaded guilty before Magistrate I. S. Macaskill at Queen Charlotte City to a charge of fishing inside a fishing boundary.

Charged were Capt. Joshua McKay, skipper of the seiner Midori, and his crew, Reynold Henry and Percy McKay and James Warburton.

95-Year-Old Big Ben  
Due for Rejuvenation

LONDON (CP)—Big Ben, the sounding symbol of British democracy, is in splints.

The 329-foot tower beside the Thames is trussed up in miles of fine steel tubing for repairs to its fabric, pocked and scarred by German bomb fragments. And sometime around December, 1956, the great 13½-ton bell, whose gruff voice has been heard in most parts of the world, will be silenced temporarily.

Big Ben is still in good shape

\$100,000 Fire Guts  
Selkirk, Man., Store

SELKIRK, Man. (CP)—A brisk wind and a stubborn blaze combined Saturday to destroy Selkirk's biggest and oldest downtown store. Damage was estimated at \$100,000.

The smoke and flames from Funk's furniture store were visible for about 20 miles and brought a crowd of about 1,000 into the town, 25 miles north of Winnipeg. No one was injured.

ACHING BACK?  
Why suffer with backache or painful joints? Many find quick relief by taking Dr. Chase's Kidney-Liver Pills. This proven remedy treats two conditions at once; contains special remedial ingredients for both kidney and liver disorders which often cause backache. Dr. Chase's is a name you can depend on.

C. R. BLACKBURN

## Blackburn Travels With L. B. Pearson

Ottawa bureau chief for The Canadian Press, Clyde Blackburn, will write the dispatches from Russia for the Victoria Daily Times covering the travels of External Affairs Minister L. B. Pearson in that country and the Far East.

Mr. Blackburn has been supervising CP's parliamentary service from Ottawa since 1949.

He has covered scores of important assignments in Canada and the United States since starting with the national press service in 1922.

DRIVER TO PAY  
VICTIM'S FAMILY  
FOR 20 YEARS

SEATTLE (AP)—A Seattle man who last Tuesday pleaded guilty to negligent homicide in connection with a fatal accident agreed Friday to pay the widow and two children of the victim nearly \$16,000.

Superior Judge Theodore S. Turner suspended a 20-year sentence against Sherwood P. Owen on condition he serve three months in jail and pay \$65 a month for 20 years to the family of Bruce E. Bowman, 29, of Mercer Island.

90 THIS YEAR, dean of world composers Jean Sibelius of Finland will be honored by special stress on his music by world's principal orchestras. One of his compositions features tonight's concert by the Victoria Symphony.

## Brazilians Choose New President Today

RIO DE JANEIRO (UPI)—Some 9,500,000 voters choose today between a millionaire industrialist and the Communist-backed political heir of the late president Getulio Vargas in a hotly-contested presidential election.

Fair weather was predicted for most of the country with some rain along the coast for this first presidential ballot since Vargas committed suicide last year.

Of the four candidates in the race, only two were conceded a chance of winning.

Juscelino Kubitschek, 54, Social Democratic party candidate, was given a slight edge in pre-election speculation. He has the support of Vargas' Brazilian Labor party as well as the outlawed Communist party.

The only other serious contender was Adhemar de Barros, Social Progressive party nominee and wealthy industrialist.

FREDERICTON (CP)—Orvis A. Kennedy of Edmonton, national organizer for the Social Credit party, said here Saturday that 796 Communist cells are operating in Toronto. He told a New Brunswick Social Credit League convention the cells are organized groups of three or four persons active in Communist work.

Fire Fighters  
THROW  
OUT RED

No—not a Communist, but the fire-engine red that goes with clanging bells, screaming sirens and racing fire trucks.

The Kent Fire Brigade, in England, has gone against tradition and now uses vehicles of aluminum—for three good reasons: No more painting. Less gas... we mean petrol. And better roadability and handling because of the lighter-weight aluminum bodies. We'd guess there's a further premium that the Kent folk enjoy: pride in their fire brigade when it flashes by in its gleaming new dress. Few materials can match aluminum for its fresh and lasting good looks.

ALUMINUM COMPANY OF CANADA, LTD. (ALCAN)

## Sewage Facilities Said Adequate

Victoria sewage facilities are adequate for new home construction in Victoria, according to city council public works committee chairman, Ald. Arthur Dowell.

He denied a claim by J. S. McFarlane, new manager of Central Mortgage and Housing Corporation, that lack of sewers is holding back development.

Mr. McFarlane said suitable home building land is unused because septic tanks cannot be used. Ald. Dowell said rock is frequent and laying sewers to high levels is difficult, but "I don't know of any building being held up because of sewage problems."

## Ladore Dam New Campbell River Power Source

Ladore Falls dam, that raised level of Lower Campbell lake 50 feet to provide water storage for John Hart Development turbines, soon will boast own power plant. Tunnel at right, 22 feet in diameter and 2,000 feet long, will carry water to generating

station now under construction that will develop 70,000 horsepower. Ladore dam, now is down to 61.5 per cent of maximum, normal for this time of year. (Times photo by Irving Strickland).

## Rainmakers Report 'Some Success' on Island

B.C. Power Commission officials said today there is evidence of "some degree of success" from rainmaking operations ringing the Campbell River watershed.

The rainmakers, operated by North American Weather Consultants, have been at work since March, seeding clouds with silver-iodide crystals, attempting to boost rainfall.

"The indications are that we are having some success on

Campbell River, but we don't know how much," a commission spokesman said.

Difficulty in estimating the success or failure of the rain machines has been caused by the lack of records on rainfall in the affected area.

Twice in August the rain machines, stationed at Ucluelet, Tofino, Vernon Lake and other island points, worked only twice during August. They are turned on when rain-laden clouds pass overhead, and are designed to "wring" the clouds of moisture.

Storage for the John Hart hydro plant now is 61 per cent of capacity. The commission started drawing down stored

water in August. Now officials are hoping for heavy fall precipitation to fill the storage basin in preparation for the first three months of next year, when freezing temperatures prevent run-off, and peak electricity loads are the rule.

Last spring, a brown-out of power on the Island was threatened, and emergency diesel plants were put in operation.

Engineers and firemen of four Victoria lumber and shingle mills began a strike vote today.

Voting will continue here Tuesday and in 21 other locals of the union throughout the province until Friday.

The Operating Engineers' Union (A.F.) has been offered the same wage scale as the shingle mills, but the union has refused to accept it.

The settlement reached is considered far below the rates paid by other industries.

In the province 25 mills are affected; on the Island, 11. Victoria members were slated to meet at 1 p.m. today.

Wages now range from the second-class firemen's rate of \$1.55 an hour to \$1.55 for third-class engineers. About 25 operating engineers are concerned at Crowe Gossomson Ltd., Moore Whittington, McCarter Shingle Mill and Smith Cedar Products.

The meeting will be held in the Flame Room of the B.C. Electric building at 8 p.m.

The mobile power plants, now being built by the B.C. Power Commission, can be moved throughout the province wherever auxiliary or emergency power is required.

A meeting of the Canadian Citizenship Council of Greater Victoria will be held at Spencerhouse, 1951 Cook, at 8 p.m. Wednesday.

B.C. Old Age Pensioners group will meet in the Stevenson Memorial Church hall, Shelbourne, Tuesday at 2 p.m.

Ronald Peto, former well-known student here at Montessori school, Oak Bay, has joined the Royal Canadian Artillery and is now stationed at Debert, N.S.

A Times carrier boy, he moved to Kelowna to complete his high school and there won the award as the outstanding boy athlete of the year. He left here in 1952.

## Municipalities Ready to Debate 75 Resolutions

16 Officials Off To Prince George

Sixteen municipal officials of Greater Victoria headed for Prince George today for the 52nd annual convention of the Union of B.C. Municipalities.

Sessions begin Wednesday morning and continue through to Friday night.

The delegates will act on nearly 75 resolutions sent in by the municipalities throughout the last year.

SAANICH RESOLUTION

Saanich led Greater Victoria in the number of resolutions admitted. Delegates Reeve Joseph Casey, Cirs. L. H. Passmore, S. W. Brock, Eugene Diespecker, and George Austin will ask the UBCM to endorse the following:

(a) A resolution calling for power to collect trades licenses from real estate agents doing business in the municipality.

(b) A resolution asking the provincial government to assume costs of courts of revision held in connection with the Equalization Assessment Act.

(c) A resolution asking the provincial government to amend the Land Registry Act to make the owner of lands to be subdivided pay full costs of the inspection by the approving municipal officer. (At present the maximum charge allowable for approval of a subdivision plan is \$2).

(d) A resolution to permit spouses of veterans who have purchased property under the Veterans' Land Act to vote on money by-laws.

(e) A resolution asking that the provincial government relieve the municipalities of the obligation with respect to education.

Victoria delegates, Aldermen Robert Macmillan, Geoffrey Edgelow, city manager C. C. Wyatt and city solicitor Arthur Patton will submit:

(a) A resolution asking cancellation boards to provide reason in writing for decisions in municipal labor-management disputes.

(b) A resolution asking clarification of powers to permit underground crossings of tunnels under streets.

The Victoria delegation also carried council instruction on resolutions to be submitted by other municipalities.

Victoria agrees to a Kitimat resolution calling for a change in the start of the fiscal year from Jan. 1 to April 1. It agrees in principle to control of billboards and advertising signs as submitted by West Vancouver.

Oak Bay delegates have not made public the resolutions they will support and no Oak Bay resolutions were submitted in advance.

The delegates include Reeve F. E. Norris, Cirs. Patrick Birley, Fred Hawes, J. V. Johnson and municipal clerk A. D. Findlay.

Sole delegate from Esquimalt is Reeve A. C. Wurtele. Esquimalt has submitted no advance resolutions.

NAVAL SHIP MOVEMENTS

On Exercise "Full House" in Georgia Strait, returning Oct. 15: Destroyers *Athabaskan*, *Cayuga*; frigates *New Glasgow*, *Stettler*, *Jonquiere*, *Sic*, *Therese*; mine sweepers *Comox*, *James Bay*, *Fortune*; coastal escorts *Brookville*, *Digby*; auxiliary vessels *Dundurn*, *Billow*, *Heatherton*.

Gas had leaked overnight from a gas line and Mr. Vowles apparently wiped up the gas but did not air the boat of fumes.

Three men on boats tied up nearby extinguished the fire before serious damage was done.

Fellow-fishermen said the explosion occurred when he attempted to start the motor at about 9 a.m.

## UBCM to Debate 6-Day Shopping

REV. A. I. HIGGINS

## New Minister Induction Set Friday

Rev. A. I. Higgins, B.A., B.D., recently of MacKay United Church in Ottawa, will be inducted into the charge of First United Church in Victoria at 8 p.m. Friday.

Immediately after the service there will be a reception in the Fellowship Hall adjoining the church.

Mr. Higgins, known during the Second World War as the "flying padre," succeeds Rev. Moir Waters who is now at Port Nelson, Ont.

He was educated at Dalhousie University and Pine Hill Divinity Hall, Halifax.

He served pastorates at Middleton and Wesley Memorial, Moncton, N.B. From there he entered the chaplaincy services with the RCAF in January, 1941. He was posted overseas in 1943 and became chaplain to Squadron 410 (night fighters) in England.

His travels as a chaplain took him to Africa, Egypt, Iraq, India and Ceylon. He took the opportunity to study mission work in these countries, thus gaining the nickname of "flying padre."

In January, 1948, Mr. Higgins became minister of MacKay United Church, Ottawa.

Mrs. Higgins was formerly Dorothy Welch whose father was well known in shipping circles. She was born in Nova Scotia and attended Acadia College.

The Higgins have two boys, one with the Canadian General Electric and one in university.

Clifford MacDonald, Gordon Head army camp, failed to stop for a stop sign and collided with an auto driven by Mr. Lindberg.

The Bone family was in the MacDonald auto.

Damage to both autos was heavy.

Brenda Durrant, 19, 2130 Ferndale, received a fractured nose and Maureen O'Shea, 18, 2592 Bowker, and Sally Learoynd, 18, 1337 Rockland, were treated for cuts and bruises after the car they were riding in was involved in an accident in Esquimalt.

Esquimalt police said drivers of the two cars were Miss Durrant and Donald Rasmussen, 785 Tulip.

Henry Forrester, HMCS Venture, also sustained minor injuries in the crash.

The accident occurred at about 4.10 p.m. at Colville and Lamson.

After the impact, the Durrant car rolled across a lawn and narrowly missed breaking a large window.

Mrs. E. Richardson, Sooke, was examined at Royal Jubilee for a sore right shoulder after being involved in a three-car accident Saturday at Sooke.

Funeral Today For CPR Official

Funeral service for Watson S. Hall, veteran of 44 years railroading with the CPR and active in hockey circles here, was scheduled to be held at 3.30 p.m. today at Hayward's chapel.

Mr. Hall, who died Friday, was active in the Pacific Coast Amateur Hockey Association and secretary-treasurer for six years up to the time of his death. He was also secretary of the Victoria Minor Hockey Association.

Cremation was scheduled to follow the service.

Mr. Hall, retired from the railway in 1947 and had resided in Victoria since. He was one-time assistant general manager for the CPR in Vancouver.

ASK The TIMES

Q.—A week ago the people of this island returned to standard time. How now do we stand in relation to solar time?—L.D.

A.—When Victoria is on standard time its clocks are approximately 13.5 minutes ahead of the sun. For this calculation the point taken is the Meteorological Observatory on Gonzales Heights, whose longitude is 123 degrees, 19 minutes 30 seconds west. The latitude of Gonzales Heights is 48 degrees, 24 minutes 40 seconds north.

Q.—To settle an argument: How many times has the World Series been won in four straight games, and how many times by four games to one?

—H.S. and R.T.

A.—In its history the World Series has been won 4 to 0 ten times, and of the ten series the New York Yankees won six with that score. Fourteen series have been by a score of 4 to 1.

Anyone wishing a question answered is invited to send the problem along to The Times, addressed to "Ask The Times" Editor, Question and answers will be published daily.

All questions should deal with matters of fact and be of general interest. The Times does not undertake to solve conundrums.

## BETWEEN TIMES

By MONTE ROBERTS

You hardly need to be told the following extract is from the Rotary Bulletin.

Only a service club magazine would be capable of printing it:

"Did you ever stop to think—that hard times mean nothing to a hen? She just keeps on digging worms and laying eggs, regardless of what the newspapers say about conditions. If the ground is hard, she scratches harder. If it is dry, she digs deeper. If she strikes a rock, she works around it."

"But always she digs up worms and turns them into hard-shelled profits, as well as tender broilers. Did you ever see a pessimistic hen? Did you ever know of one starving to death waiting for worms to dig themselves to the surface? Did you ever hear one cackle because times were hard? Not on your life! She saves her breath for digging and her cackle for eggs."

Well, I hadn't stopped to think about it before. But I have just finishing stopping to think about it.

And what I think about it is, doesn't she ever get tired of a steady diet of worms?

If you're all through betting on the world serious, you might like to make a little change with these three inch bets:

Let that the saying "Go west, young man," was not originated by Horace Greeley.

Let that Mark Twain didn't say: "Everyone complains about the weather but nobody does anything about it."

And let that P. T. Barnum never said: "There's a sucker born every minute."

Actual authors of the noted quotes were: A man named Soule, in 1851 editor of the Terre Haute, Indiana, Express; Charles Dudley Warner, editorial writer for the Hartford Press and Courier; and Adam Forepaugh, one of Barnum's rivals.

People who keep sneering at me because of the snide remark I made Saturday about the Brooklyn Dodgers will please stop sneering at me.

I have a slight waver on the outcome of the serious, and am conducting a machiavellian campaign to make the right side win.

But don't tell a soul! The plan is a secret. I'll let you know how it works out.

## TOPICS OF THE TIMES

In city police court Saturday George E. French, Jordan River, was fined \$10 or three days in jail on a charge of having mounted shields on his car which reduce light from the headlights.

Police said red plastic shields had been placed over upper portions of both headlights.

Fine of \$150 and \$650 costs or 30 days in jail was imposed on Donald A. Ricardo when he appeared in Sidney RCMP court today charged with driving while his ability was impaired by alcohol on Saturday.

Mrs. Sally Stencil, Saseenos, was fined \$25 when she pleaded guilty in Sooke RCMP court to a charge of careless driving.

Charge of lighting a fire without a permit during a forest closure resulted in a fine of \$25 for William Hall, Victoria.

Peter Mitchell, Port Renfrew, was fined \$25 or one month in jail when he pleaded guilty in city police court today to a charge of being in possession of an intoxicant contrary to the Indian Act.

Winners of the eighth annual Junior Garden contest were announced Saturday at the first show of the Gordon Head Garden Club. Vincent Knight received a cup and first prize.

Larry Smith was second and Diane Urchison, third, out of 18 entries. The contest was sponsored by the Gordon Head PTA and Victoria Horticultural Society.

William C. Schell, Comox RCAF station, was fined \$25 or five days in jail when he pleaded guilty in city police court today to a charge of driv-

chief justice of the Supreme Court, Brig. Sherwood Lett, CBE, DSO, MC, 60, of Vancouver, was scheduled to meet with members of the Victoria Bar Association in the courthouse today at 3 p.m. before assuming his new duties. The brigadier is a chancellor of University of British Columbia and is past president of the Vancouver Bar Association.

ing without a licence Sept. 18 on Douglas.

Charges of consuming liquor in a public place will be laid in Sidney RCMP court against more than a dozen men apprehended by three RCMP constables and a corporal Saturday at Sandowne race track.

RCMP said first of the charges will be dealt with next Saturday.

At the next meeting of the B.C. Registered Music Teachers' Association, Frederick Kriegel will introduce new recordings from his library. The meeting will be held

at the home of Mrs. E. M. Holtsman, 1321 Point Street, Nov. 16.

The Vancouver Island subsection of the American Institute of Electrical Engineers on Tuesday will hear two guest speakers, J. A. Brynensen and E. Manuel, describing construction and operation of a mobile generating unit.

The meeting will be held in the Flame Room of the B.C. Electric building at 8 p.m.

The mobile power plants, now being built by the B.C. Power Commission, can be moved throughout the province wherever auxiliary or emergency power is required.

Victoria branch of the Canadian Authors' Association will meet Thursday, Oct. 13, at 8 p.m. in the Art Centre, Moss Street.

Denis Fulton will speak on "China as I Knew It," while Mrs. Sheila McIvor will talk on "Portugal Today."

A meeting of the Canadian Citizenship Council of Greater Victoria will be held at Spencerhouse, 1951 Cook, at 8 p.m. Wednesday.

B.C. Old Age Pensioners group will meet in the Stevenson Memorial Church hall, Shelbourne, Tuesday at 2 p.m.

Ronald Peto, former well-known student here at Montessori school, Oak Bay, has joined the Royal Canadian Artillery and is now stationed at Debert, N.S.

A Times carrier boy, he moved to Kelowna to complete his high school and there won the award as the outstanding boy athlete of the year. He left here in 1952.

Gas had leaked overnight from a gas line and Mr. Vowles apparently wiped up the gas but did not air the boat of fumes.

Three men on boats tied up nearby extinguished the fire before serious damage was done.

Fellow-fishermen said the explosion occurred when he attempted to start the motor at about 9 a.m.

## Shoes for Every Age Group In Eye-Catching Styles

By PENNY SAVER

Such sheer comfort! It's almost like going barefoot. What am I so enthusiastic about? The little shell flats with the elasticized rim, of course! You've probably seen the loafer-type shoe in town with the elastic from one side of the front piece all the way round the back to the other side of the front. Well, for dressier occasions, or for just plain relaxing, the shell flats apply the same elastic principle, and there you have a super pair of "little" shoes. The front piece is square-cut for eye-catching appeal. The lining is a gray red plaid. You can buy them in all sizes and widths, in royal blue, black, red or honey-yellow. The price is comfortable, too. Just \$4.95.

I found that they run just a teeny bit large, so be sure you try them on, and not just buy your size and leave, like some people do. Depending on the style and make of shoes, many vary slightly in the size range.

Still in the shoe department, I got a bit of a shock, but once I got used to the colors, I received a bit. I was standing in front of a display of the most colorful saddle shoes in Victoria. They are dyed to match high school colors in our fair city. Here are the color schemes: The inevitable white with navy; powder blue and gold; red and grey; powder blue and white; white and red; green and gold; black and gold; green and white and yellow (or gold) and red. If you'd like to unscramble them, they match the colors from Mount Newton, Oak Bay Junior, Belmont, Esquimalt, Mount View, Victoria High, Oak Bay and S. J. Willis. They're selling for \$5.95. You, too, will probably be a bit jolted at the first sight of these, but anything for the school spirit!

For grade school and high school girls, a pair of dressy flats is a necessity. For those too young for heels, either tiny or high, and for you "older" girls who, even though you wear heels, find the need for a special pair for a school dance or party, I've found the pair for you. In sizes 4 1/2 to 9, they're

## AS WE LIVE

## A Firm Hand Is Needed With the 'Helpless'

By ELIZABETH B. HURLOCK, PhD

Some people find it easier and more pleasant to have others do things for them than to do them themselves. They put on a pose of being helpless and they usually find it works. This is the problem facing a man who wrote:

(Q)—"My wife is one of those helpless women who must always have someone do things for her and help her in whatever she does. When we were first married, she used to wait until I came home in evening to help with dinner. During week-ends she expected me to help her with the cleaning, washing and ironing. Now we have a baby and she wants me to help give the baby his bath before I leave for work. When I come home, she expects me to help prepare his bottles, feed him, and then help get supper. I don't mind helping some, but I feel that I am doing her work and mine. It is getting to be too much for me and I am tired out before I begin my work at the office. I never get any rest over the week-ends because I am doing housework all the time. How would you suggest that I remedy this situation?"—B. A.

(A)—First of all, explain to your wife that you cannot do a double job and hope to advance in your work. Emphasize also that you are jeopardizing your health by overwork and this unquestionably will affect the quality of work you do in the office. Then help her to map out a plan of home duties so she will be more efficient. Outline the work to be done in the morning and afternoon each day. By now, she surely has learned to cook, clean, wash and iron, and could do these things if she wanted.

Outline the duties you will be able to assume in the house and in the care of the baby. Offer to help with the heavy cleaning but let her do the rest. You can help with the dishes and with some of the cooking, especially if the baby needs attention at meal time.

She can do these things, or learn to do them, if she discovers that you are unwilling to do them for her. Explain that she is not being fair to you to expect so much help, and then refuse to do things she could do if she were willing. A firm hand is the only cure for assumed helplessness.

## CLUB CALENDAR

St. Mark's Woman's Auxiliary, harvest supper, parish hall, Wednesday at 6 p.m. Guest speaker, James Nesbitt.

RESPATONE represents not only a medicine but a very serious attempt to give real help to those suffering from this distressing complaint. With RESPATONE you will receive a Diet-Book of very great help and containing recipes which are highly appreciated by all ASTHMA sufferers.

If you really want to tackle your cough in the most logical way—Get a supply of RESPATONE today from McCALL DAVEY, DOUGLAS AT PANDORA, VICTORIA, B.C. \*\*\*

## GIRL GUIDES

Lakes District — Thirty-nine girls attended a Guide camp at Sooke, it was announced by Mrs. Lloyd Mills at meeting of the Local Association to Lakes District Guides and Brownies. Life savers' badges were awarded to Pat Mills, Happy Valley, and Penny White, Happy Valley, and Jean Howard, Sooke, during the camp. Awards were made mainly after instruction in artificial respiration and swimming. Two hikes and church parade were among activities. Mrs. Miles presided at the meeting and among those attending were Mrs. W. S. Emmerton, division commissioner, and representatives from Colwood, Langford and Belmont Park. Mrs. Emmerton spoke on the aims of guiding and announced that \$180 needed for the division's adopted child in Greece had been forwarded. The association will not meet again until early in the new year.

## Recent Newlyweds

Mr. and Mrs. Victor Wilson have returned from their honeymoon and have made their home in Victoria. The bride is the former Miss Diane Parsons, daughter of Mr. and Mrs. Frank Parsons, 1400 Pembroke Street, and her groom, the son of Mr. and Mrs. Andrew J. Wilson, 1035 Cloverdale Road. They were married in an afternoon ceremony in St. John's Church. (Paul Joncas photo).

## WHY GROW OLD?

By JOSEPHINE LOWMAN

### Your Physical Condition Is Reflected in Personality

It is impossible to disconnect personality from physical condition. A person's disposition is affected by his digestion, and his humor and outlook are closely associated with his circulation, glands and the tone of his muscles.

It is true, even though it seems absurd, that our ambitions, dreams and enthusiasms can be held down by chronic fatigue, inertia and a pessimistic viewpoint.

A large majority of the human race stumbles and fumbles about in daily life searching for happiness in the uneasy no man's land which lies between fine health and recognizable illness. There is almost as much difference between being vibrantly well and just not being sick as there is between not being sick and being sick.

There really aren't many mean people in the world. The cantankerous ones usually are ill by the standards of fine health and are harassed by many little, irritating physical discomforts.

The kind of good health I am speaking of starts you off on every day with a feeling of eagerness and happiness. You can feel life bubbling within you. Somehow more funny things happen to you and you meet

## Crowds Wait To See Bride

### Louise Samson

QUEBEC (CP)—Louise Samson, vivacious 21-year-old granddaughter of Prime Minister St. Laurent, was married Saturday to a young Quebec lawyer while some 30 policemen tried to keep crowds of curiosity-seekers in order.

Following the wedding a reception was held in the swank Cercle Universitaire. Police ejected a newspaper woman who was reported to have entered without authorization.

Prime Minister St. Laurent, still wearing a small cast on an injured ankle, and Mrs. St. Laurent, were among the 150 formally-attired guests who attended Louise's marriage to 25-year-old Yvan Mignault.

The wedding was held in the Samson's family parish church of Notre-Dame du Chemin in Upper-town Quebec.

Following the wedding and reception, where guests sipped champagne and ate flaming crepe suzettes, the couple left by car for a honeymoon in the United States. On their return they will settle in Noranda, Que., where Mr. Mignault will set up a law practice.

## WEARS WHITE SILK

Heading the guest list were the prime minister and Mrs. St. Laurent, the latter wearing an original gown by Pierre Balmain of blue sarcelle satin and silk.

The bride, a petite brunette, wore a white silk dress and a veil, held by a tiara encrusted with pearls, sequins and rhinestones. She carried a cascade bouquet of stephanotis.

## Four Bridal Attendants Choose Pastel-Toned Gowns for Wedding

A pastel theme was set by the four bridesmaids at the Saturday evening wedding of Miss Verna Winifred Hearn and Donald Gould Giles in St. Luke's church. Canon F. Pike officiated for the daughter of Mr. and Mrs. George R. Hearn, 1661 McRae avenue, and the son of Mr. and Mrs. Sydney R. Giles, 1666 Ruby road, Harvest festival flowers were placed in the church for the double-ring ceremony.

Janet Munro with "Miss Humbug" at the Sandown Track near Sidney.

## Knows and Loves Horses

When the ponies are running, whether it be in Victoria or Vancouver, you're almost certain to see Mrs. Janet Munro somewhere at the track. She's a racing fan of more than 36 years' standing. Owns her own horses, too—four of them. And tells you quite candidly that she loves the life.

How did she get started? Back in Scotland, when she was a young girl.

"My brother John was a great horseman," she tells you with the soft accents of the Highland tongue still in her voice, "he taught me to love horses."

It was 42 years ago that Janet Munro was married in Scotland and the next day started the long journey to British Columbia. She has lived ever since in Vancouver and Victoria and has a host of friends in both cities.

In those years after she was married, she and her husband

followed the races. "Had a lot of fun," she tells you, "we won a little and lost a little." That's the way it was for most of her married life.

Then, a few years ago, her husband died. "I thought the world had ended," she tells you. It was then her son Angus ("he loves horses, too") suggested she buy a race horse.

"That's just what I did," she reminisces. "It gave me a new interest in life."

Since then she has increased her stable by three. Present favorite in her string is "Miss Humbug."

"We've had her four years," Janet Munro tells you. "She's a grand little horse. Always gives her best."

Then the Scottish blue eyes became serious and intent, as she added, "You know, horses are like people. Some try and some don't."

Does she still place bets on the ponies. Of course she does, especially when her own horses are running.

Has she a system. "No-o-o!" she tells you slowly. "I'm sort of partial to a stable. If I like a stable, and the trainers, then I back those horses."

As an example she cites the Midlothian Stables. Why does she like that outfit. "Perhaps," she said with a quick smile, "because it has a good Scottish name."

## CLUB CALENDAR

Women's Guild, St. Matthew's Church, Wednesday afternoon, church hall. . . . Woman's Auxiliary to Langford Volunteer Fire Department, tonight at 8, in the fire hall.

Royal Roads Chapter, IOOE, at headquarters, Wednesday, at 8 p.m.

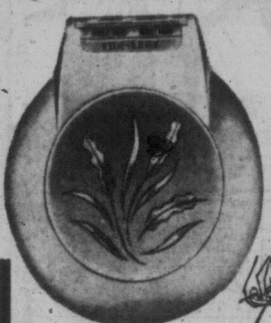

## In Honor of the Bride

A double shower was held recently for brides-elect, Miss Florence Bradley and Miss Doreen Wilby, whose weddings take place Oct. 7. The guests of honor received corsages of a red rose in a white gladiolus bloom, and a yellow rose in a yellow gladiolus, when they arrived. The miscellaneous gifts were gaily wrapped and placed near their chairs, which were decorated with streamers. Guests were members of the staff of the B.C. Purchasing Commission, where the brides-elect work. Guests present were Mrs. W. Peterson, Mrs. K. Griffiths, Mrs. E. Hicks, Mrs. M. Healey, Mrs. E. Lawrence, Mrs. J. McCahill, Misses Lois Moir, Shirley Foot, Marion Munroe, Jean Nipp, Margaret Blackstock, Pat Roberts, Helen Bones, Florence Peacock, Eileen Casway, Ethel Hall and Mary Muir.

Miss Frances Murray was honored guest at a miscellaneous shower recently, when Miss Chris Downing entertained at her home, 1457 Tauton road. A wishing well decorated in pink and green, with gladioli placed in the well basket, held the many gifts. Miss Murray and her mother, Mrs. A. Murray, received gladioli corsages. Among the guests were Mrs. A. Petrim, Mrs. R. Scott, Miss Mary Murray, Miss Catherine Scott and Miss Allison Scott, from Winnipeg. Other guests were Mrs. G. Butler, Mrs. C. Peart, Mrs. P. Readman, Mrs. W. George, Mrs. W. Martin, Mrs. G. Walsh, Mrs. R. Walsh, Mrs. R. Spence, Mrs. J. Barker, Mrs. S. Watt, Mrs. F. Downing, Misses Margaret Downing, Ann Downing and Master Brian Downing.

### Indianapolis Conference

Mrs. F. B. Scurrah, immediate past president of the supreme chapter, PEO, left the city last week for Indianapolis, Ind., to attend the pre-convention gathering of the PEO sisterhood. Mrs. Hazel Hodson, B.C. president, has also left by air for the convention which will be held at the Scottish Rite Temple, Indianapolis, from Oct. 3 to Oct. 6. Three representatives of local chapters, Mrs. E. E. Peden, Mrs. R. T. Kipling and Mrs. C. B. Peterson, are travelling easy on the "Canadian" with a group of past presidents of provincial chapter from Vancouver.

### Dancing at McMorran's

Birthdays and wedding anniversaries were celebrated Saturday evening in the Seaview Room at McMorran's, Cordova Bay. Reg Wood and his orchestra played for dancing.

A happy party of four, there to celebrate Mrs. J. A. Zabel's birthday, included Mr. Zabel and Mr. and Mrs. Bill Helges.

Mrs. Ted Sommer's birthday was also celebrated in a party of four, including Mr. Sommer, Mr. Arnold Ashworth and Miss G. Battye.

A 13th wedding anniversary was being marked by Mr. and Mrs. G. C. Swanley who were at the dance with Mr. and Mrs. A. S. Dames.

At a table for seven were Mr. and Mrs. John Weicker, Mr. and Mrs. Earl Ketcheson, Mr. and Mrs. Jack Gowan all celebrating their wedding anniversaries and with them was Mr. Percy Criddle from Winnipeg.

In a party of 28 from the Imperial Oil Company were Mr. and Mrs. G. R. Guillemaud, Mr. and Mrs. H. D. Foster, Mr. and Mrs. R. G. Phillips, Mr. and Mrs. Dudley Foster, Mr. and Mrs. H. Turner, Mr. Gordie Montague and Miss Del Appigli, Mr. and Mrs. John Davis, Mr. and Mrs. W. Kissinger, Mr. E. Smith and Miss Marion Mountain, Mr. F. Jarvis, Mr. and Mrs. L. W. Pollock, Mr. and Mrs. A. Rhodes, Mr. and Mrs. G. Topp, Mr. and Mrs. Clifford R. McKay.

Mr. Bill Nicholson and Mr. Gordon Wilson of Vancouver were accompanied to the dance by Miss May Blackstock and Miss Bea Watson.

Mr. and Mrs. Godfrey E. Spencer of Fort Scott, Kan., and Mrs. Barbara Steams of Oakland, Calif., were together.

Mr. and Mrs. H. S. Hays of Pasadena, Calif., were also amongst out-of-town guests.

Mr. and Mrs. K. Anjerson, Mr. and Mrs. L. Richards, Mr. and Mrs. V. Lewis of Calgary, were in a party of six.

### At B.C. House

Recent overseas travelers who have signified in the guest book at British Columbia House, London, Eng., that their home address is Victoria, include Dr. and Mrs. K. O. Wright, Mrs. A. C. Jackson, Mr. and Mrs. E. T. Chaney, Mrs. A. M. Hunter and Mrs. Straith-Waldon. Miss Margaret Galloway, Duncan, B.C., has also been a recent visitor at B.C. House.

## Voluntary Workers Complete Clothing for Flood Victims

Red Cross workers all over British Columbia, together with their sister members throughout Canada, are working at top speed to complete quantities of clothing and other supplies for flood victims in India and Pakistan. Within the next few weeks 20 cases will be ready for shipment, reports Mrs. A. G. Mercer, chairman of the B.C. Red Cross women's work committee.

"Never in peacetime have we had so many calls for Red Cross supplies," states Mrs. Mercer. "We have shipped 37 cases containing 17,000 pieces including quilts, layettes, sweaters and new clothing of all types, already this year. These all went to victims of disaster. We could use many more workers."

The British Columbia committee has been asked to undertake a special project for children's clothes to be sent to two hospitals in Korea. In addition to this sewing, a large quantity of sweaters and socks is needed states Mrs. Mercer. Hundreds of quilts have been sent all over the world from this province and another \$50 have been distributed to families in B.C. whose homes and possessions have been completely destroyed by fire during the past six months.

What such assistance means to disaster victims is told in a letter to Mrs. Mercer from one of the workers among the Palestine refugees in Gaza: "I wish it was within my power to describe to each of your Red Cross workers the value of supplies you have sent to these people," she writes. "There are 10 camps in Gaza, each with a maternity ward. Each mother received for her new baby a Canadian Red Cross layette and on her cot is one of the beautiful quilts your workers have made. At the foot of each bed is a bassinette fashioned by camp carpenters from Red Cross crates. We cannot thank you and your workers enough, on behalf of these women, for your wonderful gifts."

In the workshop at Victoria headquarters on Fort street, a voluntary corps of women work steadily making clothing from materials sent from Vancouver. Others take materials into their own homes to be completed. Finished articles are returned to the mainland office to be packed and shipped; Miss Honor Nash is chairman of the workshop committee in Victoria.

## LIZ TAYLOR ILL AGAIN

HOLLYWOOD (AP)—Actress Elizabeth Taylor was taken to University Medical Centre by her husband, actor Michael Wilding, Sunday night after she was stricken at their West Los Angeles home by severe stomach pains. Last week Miss Taylor had the flu. A month ago she was on crutches with sciatica from a pinched nerve in the spine.

## Old U.S. Jazz In New Nitery Pleases Moscow

MOSCOW (UP)—Solid Soviet citizens made merry to the tune of American jazz at the opening of Moscow's first nightspot since before the Second World War this week-end.

The 26-piece American-style jazz band in white jackets blared out such American oldies as "Lady in Red," "Dipsy Doodle," "Caravan" and "Night and Day."

Walters in tuxedos with black satin lapels scurried with vodka, caviar, smoked salmon and broiled chicken to feed some 500 prosperous Muscovites gathered for the opening of the "New Year" night club.

The new restaurant, in the swank Sovetskaya hotel building, is on the same spot as the prerevolutionary "Yar," famous for its gypsy fiddling, and old-timers say the room is just the same as it was in the time of the czars.

Prices are fairly high. A dinner of caviar, chicken and ice cream costs 40 rubles (\$10 by the official exchange rate), drinks are extra and there is a 20-ruble (\$5) entertainment charge.

**Benny's Daughter, Husband Separated**  
HOLLYWOOD (AP)—Comedian Jack Benny's 20-year-old adopted daughter Joan and New York stock broker Seth Baker, 27, wed in a lavish ceremony here 18 months ago, have separated, a spokesman for Benny said Sunday night.

He said the cause was "incompatibility." Asked whether a divorce was contemplated, he replied, "I don't know."

## 'Lucy' Show, Dr. Peale Saved Arnaz Marriage

Comedy TV Program, Resuming Tonight, Ended Lucille Ball's Try for Divorce

Editor's Note: Only a few years ago, Desi Arnaz and Lucille Ball were on the verge of breaking up. Their marriage was a victim of separate careers. Then they got a joint career: a solid marriage and a family. Here is an intimate story of how they did it, and the part played by "I Love Lucy," which opens its fifth TV season tonight at 9 p.m. on KTTV-TV, Channel 11.

By CYNTHIA LOWERY  
HOLLYWOOD (AP)—Mr. and Mrs. Desiderio Alberto Arnaz y de Acha III, of Beverly Hills and Palm Springs, give every appearance of being a happy, devoted couple.

And they'd better stay that way, because it is hard to imagine a separate existence in show business for either of them any more.

There is such confusion—deliberately planted and skillfully maintained—between the identities of Lucille Ball and Desi Arnaz and Lucy and Ricky Ricardo that it is extremely doubtful that their millions of fans would ever again accept them in other romantic partnerships.

**KEEN, THOUGHTFUL**  
Lucille Ball's private personality, of course, bears little resemblance to her public character as bubble-headed, rubber-faced Lucy. She is a keen, thoughtful woman of 44 who knows exactly what she wants from life.

And Desi Arnaz, 38, is no naive dream boat possessed merely of boyish charm and a cute accent. He's a middling good actor with, apparently, a flair for business and an instinct for being an executive.

In this land of the hibiscus and nutburger, where marriages seem to be made and unmade on carefree impulse, the way Lucy and Desi have deliberately knitted up their lives and livelihood with a single thread is as daring as it has been unique.

"Yes," agreed Miss Ball deliberately as she lit a cigarette, "it could be dangerous. But not if you know what you're doing ... not if you know what you want."

**SAVED THEIR MARRIAGE**  
This tall, handsome woman who delights in slapstick comedy loves Lucy even more than the millions of Americans who have made the show a success story. It has provided her with everything she wants: the husband of her choice in a round-the-clock partnership, a home life, children and an opportunity to clown to the sound of a live audience's laughter.

"I Love Lucy" came into being as an intelligent effort by Lucille and Desi to salvage a marriage seriously threatened by two careers. Financially they were both doing well. Lucille was a \$3,500 a week MGM star specializing in hard-boiled chorus-girl parts. Desi, a popular orchestra leader and nightclub entertainer, was knocking off \$50,000 to \$75,000 a year with engagements all over the country.

They were separated, they figured, a total of eight years during the first eleven of their marriage. Once Lucille sued for divorce but they decided on another try before the final decree was filed. They were on the verge of another big decision in 1950 when they chose

stitches, rather than surgery, to save something they both wanted. Next month, they will celebrate their 15th anniversary.

**SOLID HOME LIFE**  
It seemed that "I Love Lucy" opened the door on good fortune. Less than a month before it started, Lucille—then 40—had her first child, Lucie Desiree, now four. Desi IV was born a couple of years later. The Arnazes previously had almost despaired of having children.

By intensive work and long hours, they also manage a solid home life. They spend four days—Monday through Thursday—at the studio. Then they have three-day week-ends, usually at their Palm Springs home, where Lucille devotes herself to the children and Desi finds time to work on his golf course.

"When things started panning out right," Lucille said, "I got scared. All of a sudden I was terribly frightened. It all seemed unreal and I felt it wouldn't last. I'd leave home in the morning and by the time I got to the studio I'd have a sudden and unreasonable conviction that when I got back home it would all have vanished—even my child."

She credits Dr. Norman Vincent Peale and his writings for helping her to understand and overcome this acute anxiety. "After that," she said, "I learned how to cope with one thing at a time. Just about the only problem left was forgetting last week's line and learning this week's. And we can do that easily now."

## RECONCILIATION FOR RITA, ALY?

CHERBOURG, France (UP)—Rita Hayworth arrived in France all smiles today.

Her ex-husband, Prince Aly Khan, sent a message, his limousine, and his lawyer to meet the 37-year-old movie star when she landed from the liner Queen Elizabeth.

She refused to reveal the contents of the message because it was "too personal." This was added fuel for the Parisian gossip who have been saying there is hope for a reconciliation.

## De Havilland Workers To Continue Strike

TORONTO (CP)—More than 1,600 workers of the de Havilland aircraft plant voted Sunday to continue their strike to enforce contract demands.

Members of the United Automobile Workers CIO-CCL, the men recorded a 97 per cent vote in favor of staying on the strike which began July 11.

**'Losh, Mon, Noo Scots Wi' Hae To Pipe to Pakistan's Tune'**  
GLASGOW (Reuters)—Scotland was shocked Sunday at the disclosure that firms in Pakistan are trying to sell bagpipes to the Scots.  
The Pakistan bagpipe companies have offered their product at half the price of Scottish-made instruments.  
Robert Reid, head of one Glasgow firm, said Saturday: "The Pakistan makers have been attacking our foreign markets but have now carried the fight into our own camp."  
"I have just received a price list from one Pakistan firm accompanied by an offer to sell their instruments—to me."

**Quarter-Removed From Girl's Throat**  
VANCOUVER (CP)—An eight-year-old Quenel girl was in good condition in hospital Sunday night after having a 25-cent piece removed from her throat.  
The girl, Rosemary Warwick, travelled here by bus when Quenel doctors found they were unable to perform the operation.  
It was not known how she came to swallow the coin.

# T.V. with Real

## LONG HOURS OF PREPARATION FOR HALF-HOUR TV SHOW

TORONTO (CP)—A half-hour television show may take days of hard work in rehearsal, says blonde songstress Joan Fairfax.

The performer for as long as she can remember wanted to be a classical singer. But when it began to look as though the road was too long, she switched to popular music. She quickly won recognition on radio and with touring companies.

She has been on a weekly radio program for the last four years, and since the summer has been featured on a television show with Denny Vaughan.

Most people don't realize how much time it takes to prepare a half-hour television show, says Miss Fairfax.

To start, the orchestra leader, arranger, director and principals select the music to be used on a program.

When special arrangements for the five-foot, two singer are written she rehearses for four or five days in a sound-proof room at home.

The day-of-the-show, Miss Fairfax has her hair done in the morning and rehearses five hours with the cameras. A half-hour dress rehearsal precedes the actual show.

"The end of the show isn't the end for those of us in it," the English-born, Toronto-educated singer said. "The day after, we look at a kinescope record taken during the presentation and see what we have done that we shouldn't have and how we can improve."

Channel 11: Robin Hood commits his first robbery. His victim, a dishonest money lender.

Channel 11: Studio One tells of a shy couple just married in New York's city hall and the sudden barrier that rises between them.

Channel 13: Abbott and Costello have a rugged time while training as police rookies.

Channels 2 and 4: Sid Caesar returns. Nanette Fabray, Carl Reiner, Howard Morris and Ellen Parker are with him.

Channel 5: TV Readers Digest tells the story of "Six Hours of Surgery," in which five persons are personally concerned with the success or failure of a heart operation on a 16-year-old boy.

Channel 11: En route to New York, Grace mistakes a traveling salesman for one of the world's foremost atomic scientists.

ASTROLOGICAL FORECAST

TUESDAY, OCT. 4, 1955

ARIES (March 21 to April 19)—Keeping your mind focused upon solemn obligations or usual debts prevents you from seeking new obligations which would merely increase load you are carrying. Pay at least part of any current bills or sums coming due soon. Be meticulous.

TAURUS (April 20 to May 20)—Partner, associate or opponent who knows how to protect his interests to everyone else's detriment may give you bad time. Be rigidly fair, honest. Then you win out. P.M., get off with energetic comrade and have fun. Be happy.

GEMINI (May 21 to June 21)—Work seems unending during daytime but get at that household office duty that irks you the most. Afterward, food, pets, utility, correspondence matters as well. Flit away.

CANCER (June 22 to July 22)—Stick to good friends and attachments who mean a great deal to you instead of being so pre-occupied with financial considerations that you tempt losing their support, affection, friendship. Be alert to ways to cement bonds of devotion.

LEO (July 23 to Aug. 21)—Despite proddings from many others who are impatient to you, keep mum about your personal desires during daytime, for others are rattled, unsure of themselves and may place obstacles in your path. P.M., go after what you want with positiveness.

VIRGO (Aug. 22 to Sept. 22)—Get out from under obstacles. Let others see that you are forward-looking. In line for some greatly improved expansion. Get into fine print of newspapers, contracts. Think ways to have more security.

LIBRA (Sept. 23 to Oct. 22)—Stick to generous, broad-viewing friend in powerful position despite all kinds of financial pressures which made it seem necessary to reduce your cherished goals to less than you desire. Realize abundance while making supply; demands join.

SAGITTARIUS (Nov. 23 to Dec. 21)—Get away from tediums as much as possible. Look for improvement principles under which to operate and be more steadfast with those already in use by you. Then look into methods that aid these worthwhile aims. Be modern, streamlined.

CAPRICORN (Dec. 22 to Jan. 20)—Co-operative ventures may seem to conflict with your own desires, pleasures, but there's no reason you should not have both. It's just necessary to channel your time and energies more sensibly.

AQUARIUS (Jan. 21 to Feb. 19)—You just can't seem to get your points across to others, or they agree, but are not actually understanding of your goals, friends, partners, attachments, etc. You are unique in talents, so be genial, agreeable, despite such lack of understanding.

PISCES (Feb. 20 to March 20)—Do work necessary and then get off to some niche where you can use that fine mind of yours to study where you are headed, how you can best get there. Then you find this is most constructive day for you. P.M., Enjoy romance.

IF YOUR CHILD IS BORN TUESDAY... Tuesday's child is one of those very astute youngsters who will have a great deal of character, even though it takes some time, in early life for the principles to "jell" into a clear-cut picture of what your offspring actually wants from life. It may seem to be learning "the hard way". However, be sure that once the mind is fixed, there will be undeviating loyalty to such principles, whether good or unwise. So early give finest possible training. Then your youngster will be an unusually worthwhile citizen.

### Frost Outlines Health Scheme

Ontario Premier Asks Ottawa To Pay 60 Per Cent of Costs

From BUP and CP Dispatches  
Ottawa—Ontario Premier Leslie Frost handed today's opening session of the Dominion-provincial conference a health insurance scheme calling on the federal government to pay 60 per cent and individuals and the provincial governments the rest.

Frost's plan was submitted for study only. He suggested that after discussion by the conference this government's proposals should form a basis for consideration by a special dominion-provincial committee.

Moscow Bound

External Affairs Minister Lester B. Pearson was scheduled to arrive Wednesday morning at Moscow's central airport on his diplomatic mission to the Soviet Union. Pearson, seen waving from the plane as he departed from Canada, was in Paris today.

### Road Mishaps Kill Four On Mainland

CP and BUP Dispatches  
Traffic accidents accounted for four fatalities reported in British Columbia during the week-end.

The bodies of a young man and woman were found Sunday in a car which was pulled out of a water-filled ditch near Mission City.

RCMP identified the victims as Jessie Ann Bourgeois, 15, of Hazelton, and Leonard Edward Bailey, 23.

It was believed the couple was drowned when their car plunged off a bridge. Police said there were indications the accident happened Friday night, but it was not until Sunday when a motorist spotted a wheel of the car sticking out of the water.

Two persons died in Vancouver. Mrs. Mary E. Swanson, 50, of North Vancouver, died after her car crashed into a trolley pole, and James Stafford Meade, 28, of Burnaby was fatally injured when his car struck a B.C. Electric bus. Both accidents happened Sunday.

### Blast Wrecks Seiner

NANAIMO (CP)—Explosion and fire today damaged a 35-foot seiner, reported to be owned by a Japanese fisherman who is spending the week-end in Vancouver.

### Wisner Listed To Testify At Police Probe

Mystery Woman, Whelan Also Slated

(CP and BUP Dispatches)  
VANCOUVER — Former B.C. attorney-general Gordon S. Wisner is slated to testify Tuesday or Wednesday at the Royal commission investigating Vancouver police force.

J. G. A. Hutcheson, counsel for Commissioner Reginald H. Tupper, also announced today that ex-detective Jack Whelan would be called to the stand.

The probe resumes Tuesday forenoon after a ten-day adjournment. It will be the 29th day of sittings. There's no indication when the marathon inquiry will be concluded.

Mr. Wisner's appearance as a witness will be at his own request. He said, in newspaper interviews in mid-July, he wants to refute Det.-Sgt. Archie Plummer's published testimony that chief Mulligan had said he had "everything fixed in Victoria" and was "close to Wisner."

The former attorney-general also has indicated a desire to testify on the 1954 Vancouver police commission appointment of Terry Parsloe, ex-RCMP officer, to investigate graft allegations against chief Mulligan.

The Parsloe report, held secret in Vancouver city hall for four years, cleared the police chief.

Mr. Wisner protested last month that police commission testimony at the Tupper probe wrongfully implied the B.C. attorney-general refused a request for an investigation of the Vancouver police force.

CLASH LOOMS  
Tuesday's sitting may bring a clash between royal commissioner Tupper and John Gould, counsel for police chief Walter Mulligan.

Mr. Gould said during the week-end he would demand that mystery witness Helen Elizabeth Douglas appear undisguised at tomorrow's hearing.

Commissioner Tupper revealed Sunday he had not received any such request from Mr. Gould. He also declared "I don't like statements made by counsel during adjournment."

The woman was heavily disguised when she testified that chief Mulligan gave her sums of money and jewelry during the four years they "kept company."

The probe records show only her maiden name. Her married name was revealed only to commissioner Tupper and her lawyer, W. W. Lefebvre.

Kitimat Visit Slated  
VANCOUVER (CP) — Field Marshal Earl Alexander, former governor-general of Canada, will visit Kitimat and Bulkley, B.C., this month as part of a business tour. He is due here Oct. 8 and will fly to the aluminum centre Oct. 9 for a two-day inspection. He will be accompanied by Lady Alexander.

### Arctic Fires Hint Lost Airmen Alive

EDMONTON (CP)—The RCAF stood ready today to drop a para-rescue team 111 miles northwest of Yellowknife, N.W.T., where fires—possible location markers from two missing airmen—were spotted Sunday night.

An air force spokesman said the team would parachute early today if the fires appeared man-made, and if clear skies and bright moonlight continued.

An RCAF Canso amphibian, one of 19 search planes seeking a missing York transport, reported the possible signal-fires near Hyslop lake.

19th Governor Takes Oath

B.C.'s new lieutenant governor, Frank MacKenzie Ross, is shown kissing the Bible following taking his oath of office at Government House today.

Oath was administered by Chief Justice Gordon Sloan, left. About 100 guests were present for historic moment. (Times photo.)

### Industrialist Frank Ross Sworn As B.C.'s Lieutenant-Governor

British Columbia has a new lieutenant-governor.

Group Captain the Hon. Frank MacKenzie Ross, CMG, MC, took the oath of office at 11.30 a.m. today in Government House, administered by the provincial administrator, Chief Justice Gordon Sloan.

"I shall well and truly execute the office and trust," said Lieutenant-Governor Ross, "so help me God."

Present for the protocol and color heavy occasion were four previous lieutenant-governors and their wives: Col. the Hon. Clarence Wallace, Col. the Hon. Charles Arthur Banks, the Hon. W. C. Woodward and Hon. Eric Hamber.

Also present were acting premier Eric Martin, members of the cabinet, Rear Admiral Hugh Pullen, Flag Officer, Pacific Coast; Commissioner C. E. Rivett-Carnac, RCMP, and the aides to the new lieutenant-governor in Victoria.

BRIEF CEREMONY

The ceremony, a brief one, was conducted in a sun-lit reception room filled with the morning suits and resplendent uniforms of the guests. All were introduced to Mr. Ross following the ceremony.

The oath of office was signed by Mr. Ross and the chief justice at a simple, carved desk.

Provincial Secretary Wesley Black received the "Great Seal" of the province from Mr. Ross to keep "in safe custody."

The oath of office read in part: "Know you that we are reposing trust and confidence in you, and do hereby constitute and appoint you to be the lieutenant-governor over the Province of British Columbia, and empower you to execute all the things that belong to the said command."

It was signed by State Secretary Roch Pinard.

Aides present for the impressive and historic occasion were Superintendent J. W. R. Bordeleau, RCMP; W/C J. D. D. Campbell, Col. J. R. Kingham, Col. R. D. Travis, MBE; Major Carl Gonnason, MC; Major W. Merston, MC; Major R. W. Phipps, Col. M. W. Turner, OBE, and Lieut.-Cmdr. J. H. Wade, RCN(R) Ret.

### 'NO COMPLICATIONS' IN IKE'S CONDITION

DENVER, Colo. (AP)—Anxiety over President Eisenhower's illness eased considerably this morning as physicians reported his condition "showed no changes to indicate complications."

The bulletin said the president's condition "remains satisfactory."

The official report from Fitzsimons Army Hospital at 9:40 a.m. MST, (8:40 a.m. PST), served to lift tension created when the doctors announced Sunday night that Eisenhower was "a little tired" and not feeling "as well as usual."

#### POSTPONES TRIP

### Irked by Russ Vote Faure Snubs Moscow

PARIS (Reuters)—France tonight decided to postpone a scheduled visit by Premier Edgar Faure and Foreign Minister Antoine Pinay to Moscow later this month.

The decision was taken at a five-hour cabinet meeting to consider further action to be taken over the United Nations General Assembly decision to include France's problems in Algeria at its agenda.

In the 28-27 vote by the General Assembly Friday, Russia voted against France to include Algeria at the agenda.

(See L. B. Pearson comment, Page 28).

In addition Sunday's cabinet session decided to recall provisionally the French permanent delegation to the United Nations.

French delegates will remain in the UN Security Council and on the disarmament committee.

The French delegation to the General Assembly walked out after Friday's vote and was called home Saturday.

The General Assembly delegation, headed by Pinay, arrived in Paris Sunday, before the cabinet session began.

Faure said after the meeting that he would see Soviet ambassador Serge Vinogradov today, and a full statement explaining the government's decision would be issued later.

Government sources said a meeting between Faure and West German Chancellor Konrad Adenauer due to be held this week would also be postponed.

The meeting with Adenauer had been intended to take place before Faure and Pinay left for Moscow.

A government statement following the cabinet meeting declared that the General Assembly vote on Algeria "constituted a flagrant violation" of the United Nations charter "and betrayed the spirit which had inspired the foundation of the organization."

### Podres, Byrne Pitch Tuesday

NEW YORK (AP)—A five-run explosion in the first inning—highlighted by Bill Skowron's three-run homer—and Whitey Ford's four-hit pitching gave New York Yankees a 5-1 victory over Brooklyn Dodgers and tied the world series at 3-3.

SEE PLAY-BY-PLAY, PAGE 2

A knee injury forced Brooklyn's Duke Snider out of the game in the fourth inning.

The final game of the series will be played at Yankee Stadium on Tuesday. Left-hander Tommy Byrne, winner of the second game for New York, will oppose southpaw Johnny Podres, victor in the third game.

Snider, slugging star of the series with four homers and eight hits, injured his left knee in the third inning when he stepped in a hole in the outfield while chasing a fly. He was replaced at the bat by Don Zimmer.

BIG FIRST INNING

Back in the friendly confines of Yankee Stadium after losing three straight at Ebbets Field, the Yankees wasted no time in driving Karl Spooner from the mound in the first inning. They blasted the 24-year-old left-hander for five runs on two walks and three hits and it didn't matter that they were stopped cold thereafter by Russ Meyer and Ed Roebuck.

Phil Rizzuto started off the spree by working the youngster for a walk. Billy Martin fanned for Rizzuto stole second on the strikeout. Gil McDougald walked and the Dodger bullpen stirred. Yogi Berra and Hank Bauer produced run-scoring singles and then Bill Skowron, husky right-handed first baseman, smashed the ball into the lower right field stands for a 5-0 lead. That was the ball game.

Meyer relieved Spooner at 3:40 and put down the fire. The right-hander pitched fine ball, yielding no runs and only four hits in his 5½-inning stretch.

WILD BUT TOUGH

Ford, wild at times, walked four, hit Carl Furillo on the arm, and let loose with a wild pitch. But he was tough in the pinch. He wound up with eight strikeouts in pitching his second victory of the series.

After pitching hitless ball for three innings, the Yankee left-hander weakened in the fourth and was reached for the Dodgers' lone run.

Leadoff man Peeewe Reese broke the ice with a high chopper behind second for a single. Zimmer, batting for the injured Duke, fanned but Roy Campanella sent the Dodgers' hopes soaring by drawing a walk. Carl Furillo drilled a single past Phil Rizzuto, who played a masterful game at short, to score Reese. Whitey disposed of the Brooklyn threat by nailing Gil Hodges and Jackie Robinson on grounders to Rizzuto for force plays.

### Fast Time for B.C. All Year Round?

KELWNA (CP)—A move is underway to have daylight saving time on a year round basis in British Columbia.

Delegates attending the annual meeting of the Union of B.C. Municipalities in Prince George this week will be requested to debate the matter, and if sufficient support is received, a petition may be sent to the government to adopt the necessary legislation.

### Chest Drive Starts With \$19,770

At noon today the Greater Victoria Community Chest campaign drive stood at \$19,770.

The Red Feather drive for \$210,000 officially was opened at 3 p.m. Sunday at a ceremony held at the Legislative Buildings and will continue until Oct. 22.

The funds raised to date came from business and industrial groups and from special name contributions.

Totals will be posted at noon daily at the Fisgard Street corner of the HBC, illustrated by a huge Red Feather.

The drive among businesses will continue this week with 250 volunteer canvassers on the job. The residential canvass starts Oct. 11 when another 1,400 volunteers will split up the area seeking support of the 17 agencies benefiting from the chest.

The Times will carry daily developments in the drive, including up-to-date contribution figures.

#### WIRE BRIEFS

##### Charge Dismissed

CALGARY (CP)—A charge of selling a U.S. car in Canada without first having paid duty on it against Bob Levenhagen, guard with British Columbia Lions, was dismissed in police court today.

##### Milk Price Jumps

KELWNA (CP)—The price of milk will be increased two cents here Tuesday, bringing the price to 22 cents a quart.

##### War Games at Halifax

HALIFAX (BUP)—The port of Halifax was under mock attack from the sea today as ships and aircraft of the Royal Canadian Navy set out on a six-day exercise to test the seaward defences of the east coast navy base.

### Former Canadian Lumberjack Goes High-Riggin' on Big Ben

BY EDDY GILMORE

LONDON (AP)—Dark-haired Lewis Bradford, a former Canadian lumberjack and stunt man, played a breathless game of hide and seek with police Sunday on the spidery scaffolding of Big Ben tower 320 feet above Parliament Square.

Several thousand looked on in fascination and horror at the spectacle that took place above the shining face and long black hands of the clock whose chimes are known around the world.

The unrehearsed melodrama began shortly before noon when a policeman in the cobblestone yard of Westminster Palace saw the man start his long climb up the scaffolding. The tower is being repaired and cleaned and workmen have sheathed it with steel scaffolding from ground to spire.

The lone policeman shouted to the climber. Witnesses said he halted for a moment, looked down, and then went on.

The bobby sounded an alarm and more than a dozen constables and a few firemen hurried to the base of the tower.

Bradfield continued his slow but determined climb, using a series of swaying ladders which connect the numerous landing stages of the scaffolding.

One group of policemen dashed to the electric elevator which workmen use to get up the scaffolding. They couldn't start it.

Other policemen sped up the stairway, with its 280 steps, inside the tower.

Down in the street the crowd grew.

The policemen who'd gone up the inside of the tower pushed open a door and crawled out on a rickety plank platform.

The climber was about 50 feet above them.

"I saw him climb up by the spire," said William Cook, a newspaper seller, "and when he saw they were getting close to him he took a ladder away."

On and on he went. Higher and higher.

Big Ben boomed out the 12 strokes of midday.

The constables and firemen hurled several short ladders to

gether and went after him. Other pursuers swarmed onto the scaffolding, and one of them grabbed the man around the ankle.

He kicked once and then gave up. Police took him to a hospital for observation and refused to give his name.

One of the policemen said later that when Bradfield reached the top he said he would come down only when the minister of housing agreed to meet him "over my housing problem."

The Daily Telegraph quotes Bradford as saying the climb was not really dangerous—"in Canada, where I was born, I often climbed trees 300 feet high when I was tree-felling."

It was reported that Bradfield served in the Canadian army during the Second World War and later worked as a stunt man in British films under the name of Slim Dexter. His wife, Christine, an English girl, lives near Winchester, Hants.

Hospital authorities declined to say where in Canada Bradfield formerly lived.

Somebody in th' UN sh'd hev yelled "Faure!" prior t' hittin' th' Algerian drive.

Be t' th' Symphony had base hits an' slidin' fer hom' they'd git bigger crowds.

Y' kin be proud t' be a yes man when th' Red Feather canvasser comes t' th' door.
